editor's NOTE

EDITOR'S *note* **People Who Know Your World** **EDITOR'S** *note*

YOU KNOW, FOR KIDS! (AND EVERYONE ELSE, TOO!)

EDITOR'S *note*

When kids read, it expands their scope of the world we live in, and often beyond the boundaries of our collective imagination. A well-read kid (heck, even adults) is a well-rounded kid, someone who thinks, imagines, and is open to new ideas and opinions. *Free Comic Book Day* 2015 hopefully got some kids started down the pathway to becoming adult readers, and comics are the perfect gateway for this purpose. Plus, they're entertaining too!

This month we once again celebrate Kids Comics month with another another great selection of new and backlist titles that will appeal to readers of all ages! We've also got a bunch of great mini-interviews with some of today's top All Ages creators, located at the beginning of our Comics Section, and continued on the FlipSide of this issue. We didn't have room for everyone in the print edition, but if you head on over to ***PREVIEWS***world.com and follow the links to be found there this month, you see these and more interviews, plus lots of other content.

And just as a reminder, we've got our annual *Halloween Comic Fest* titles on display in this issue — See Page 26! While you'll be able to find most of these being offered for free from participating comic shops this Halloween, you can also be the one to dole out some Halloween comics this year, as we are once again offering our Halloween Comic Fest Mini-Comics in polybagged packs, perfect for buying in bulk to hand out on October 31st! Now packed 25 copies to a bag (at the same low cost), be sure to get your order in at your local comic shop ASAP so you'll have them in plenty of time for the big night!

In just a couple of days, I'll be on my way to California for a much-needed vacation, where I'll celebrate my mom's 88th birthday with the whole family; catch some 4th of July fireworks in my hometown; and then start off my annual pilgrimage to Southern California and Comic Con! My buddy Chris Cade will once again be piloting the Comic Con Mobile, and we're more than ready to geek out at the world's biggest pop culture event for the week!

Venom

SRP: $130.00

Release: NOV 2015

Regarded by some as a second Spider-Man, Venom is iconic as both a villain and a rival to his heroic webslinging counterpart.
A popular character in his own right, he has clashed not only with Spider-Man, but also with super-hero team The Avengers! Venom is a symbiotic relationship incarnate: a human host co-existing with a sentient alien parasite, appropriately called a "symbiote." This figure portrays the ominous presence of Venom through his hulking physique, his toxic color scheme, the web-like patterns stretched across his skin and his ghoulish, sprawling tongue. The contrast of matte and glossy textures in the paintwork, along with his realistically grotesque maw make him a truly impressive figure. This figure's range of motion is unlike any living creature on earth, and can be posed in wild, contorted ways. Accessories include effect parts that show symbiote appendages reaching out like massive hands, showcasing and accentuating his extraterrestrial qualities.

Figure includes display stand.

PREDATOR

Release: OCTOBER 2015
SRP $149.99

The Predator series was a marked departure from the typical science fiction genre, with a unique concept: an invader from space, physically superior to humans, that enjoys hunting for sport. Now that Predator makes its appearance in the Variant Play Arts KAI series! The armor is designed to replicate bones. A mask and face reminiscent of a Japanese ogre called oni. These qualities accentuate the terror inspired by the Predator, and express its brutal horror. Great care was put into the texture as well, and no detail was spared on the paintwork. The armor combines a sinister and flashy look, and its skin is a mix of red and white to bring out a fleshy tone. With its accessories the collector can create many ominous poses of the Predator.

Figures include display stand and interchangeable hand parts.

Chris Evans @ChrisEvans
HUGE congrats to @TomHolland1996!!! Well deserved. We're lucky to have you.

This month's featured creator is... DAVID PETERSEN

Please tell us a bit about yourself!

My name is **David Petersen**, and I was born in 1977 and raised in Flint Michigan, where I attended Mott Community College, and later Eastern Michigan University, where I earned a BFA in Printmaking. My series *Mouse Guard* combines my love of the natural world, animal stories, and the adventure and camaraderie of a Role Playing Game. *Mouse Guard* celebrates its tenth anniversary this year from when the first issue was self-published and released at the 2005 Motor City Comic Con. I'm a three-time Eisner Award-winner and recipient of a Harvey Award for my continued work on the *Mouse Guard* series. My wife Julia and I continue to reside in Michigan along with our dogs Autumn and Bronwyn.

What are your favorite projects you've contributed to over the past decade?

Mouse Guard, of course, is what I'm most proud of, but I've really enjoyed my time doing covers for IDW's *Ninja Turtles* and *The Muppets* comics. As a Windsor McKay fan, the one-page story I did for the *Little Nemo: Dream Another Dream* anthology was pretty special to me as well.

What are you currently working on?

I just wrapped up work on the hardcover extras for the *Mouse Guard* anthology book *Legends of the Guard Volume 3*. Thanks to the talents of folks like Mark Buckingham, Skottie Young, Ryan Lang, and more, it's another wonderful collection of *Mouse* fables and folklore! Now I'm working on illustrating an edition of *The Wind in the Willows*. I can't really say any more about who it's coming from or when, but I'll definitely put it out there on social media as soon as I can! Then it will be back to *Mouse Guard* with a new series: *The Weasel War of 1149*.

What fun titles are you reading?

HELLBOY IN HELL

Hellboy in Hell (*Vol. 1*—JAN140125) by Mike Mignola & Dave Stewart: I've been a *Hellboy* fan since the beginning, and these stories set in a Mignola-created-Hell could easily be the best *Hellboy* stories in the 20 year run. In past stories it was fun to see how the people of the world never thought anything of the giant red demon man with horn stumps and an arm like a sledgehammer and called him to shoo away their monsters and ghosts; but in *Hellboy in Hell*, we now see the title character in the place he belongs, or at-least where he was meant to fit. Dreamlike storytelling, beautiful visuals of a Hell you've never seen, and more myth and folklore than you can shake the right hand of doom at!

Locke & Key (*Vol. 1 Master Ed.*—DEC140577) by Joe Hill & Gabriel Rodriguez: Joe and Gabe have crafted a meaningful story that plays on your fears with its horror, while also tugging on your heartstrings with its tenderness. A house full of magic keys, ghosts, time-traveling, living shadows, teleportation, seeing inside minds — what hasn't this book got? I also love that they *ended* it. It ends. They "stuck the landing" with something fulfilling after the five previous volumes. And Gabe's handling of Keyhouse's architecture... he so thoroughly introduces it to you visually as a character, that you feel like you've been there and you know your way around.

Louise Brooks
DETECTIVE
RICK GEARY

Louise Brooks: Detective (HC—MAR151423): Rick Geary is one of those unsung heroes in comics. His true crime books have been a staple on my shelf since I discovered them over a decade ago. They are also my go-to example of what comics can offer that most people don't even think of: non-fiction. Well, *Louise Brooks* is Rick taking his knowledge of true crime and putting a fictionalized spin on it. Louise was an actress in the 1920's, but here Rick has imagined her returning from France to her home of Wichita Kansas, only to get involved in a murder mystery!

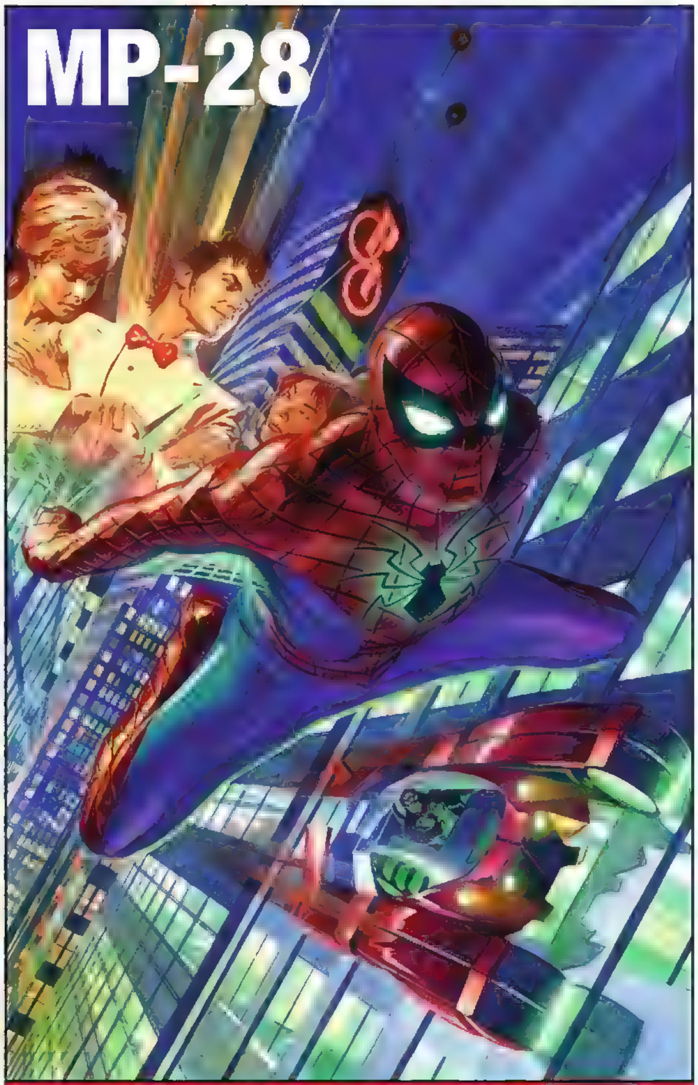
PARKER INDUSTRIES GOES GLOBAL IN *AMAZING SPIDER-MAN*



MARVEL PREVIEWS, $5.99, 72 PAGES, PAGE 28

In a short period of time, Parker Industries has become one of America's top research and development companies, and now Peter Parker is taking his company multinational! With new offices opening in the world's great metropolises — London, San Francisco, Shanghai — Peter Parker travels the world to oversee his corporate empire, and in the course of his globetrotting travels a new chapter opens for his heroic alter-ego in Dan Slott and Giuseppe Camuncoli's *Amazing Spider-Man* #1!

As an Avenger, Peter Parker is no stranger to battling threats beyond his beloved New York City. Traveling to Parker Industries subsidiaries across the globe, Peter and his "bodyguard" Spider-Man uncover corporate plots that threaten the company and a new threat from long-time Avengers foe Zodiac! Facing enemies that can attack him in both his civilian and heroic guises, Peter will fight back to save his company and the world the only way he knows how — by being amazing!

Dan Slott continues his lauded Spider-Man run, joined by frequent collaborator Giuseppe Camuncoli, by taking Spider-Man in a bold new direction. In addition to the main story, the oversized *Amazing Spider-Man* #1 also features stories starring other characters in Spider-Man's world, including Silk, Spider-Woman, and Spider-Man 2099. The perfect jumping-on point for readers new and old, *Amazing Spider-Man* #1 promises to take Spider-Man further than he's ever been before and redefine Peter Parker as an influential figure in 21st-century technology!

In the aftermath of *Secret Wars*, Spider-Man becomes an international hero and Peter Parker a global industrial tycoon. Join Dan Slott and Giuseppe Camuncoli for the start of the globetrotting chapter of Peter Parker's life in *Amazing Spider-Man* #1 this October!

SKOTTIE YOUNG TAKES YOU TO A DARK FAIRY TALE IN *I HATE FAIRYLAND*

Skottie Young's artwork, which has graced Marvel covers and illustrated books such as *Rocket Raccoon* and the *Wizard of Oz* adaptations, is instantly recognizable. Both cute and surreal, his work evokes a zaniness that is a mixture of Looney Tunes and Lewis Carroll. This October, Young introduces readers to a brand-new world in his new Image Comics series, *I Hate Fairyland!*

Six-year-old Gert once dreamed, as many children dream, of a fairyland where there are cute talking animals, wise trees, and endless adventures with madcap companions and the Man in the Moon. Gert found a way into Fairyland, but that was thirty years ago and she never found her way back. Trapped perpetually at the physical age of six, Gert is now thirty-six and determined to get back to the real world no matter the cost, no matter how many cute woodland creatures she has to mercilessly slaughter, no matter how many madcap companions need to feel the steel of her battleaxe. She hates Fairyland, she wants everyone to know it, and she will cut as bloody a swathe through Fairyland as Conan did through Hyborea!

A MAN BELIEVED DEAD FOR A DECADE MUST SOLVE HIS OWN "MURDER"

In 1940, a fake body at a sideshow carnival suddenly comes to life and, surrounded by a gaggle of horrified onlookers, escapes into the night. There was nothing fake about the body, however, as the body was none other than Detroit radio personality John Doe who had tangled with the infamous Purple Gang and disappeared one night in 1930. But how did John Doe end up pickled in a carnival sideshow, where has he been the last decade, and why can he remember so little of his past?

Bill Morrison, Disney artist and cofounder of Bongo Comics with Matt Groening, has teamed with Dark Horse Comics and artist Keith Champagne for his first creator-owned series, *Dead Vengeance!* John Doe's quest will uncover the secrets of his "death" and expose the Detroit mob -- as long as he doesn't cross the wrong people. Inspired by classic pulp fiction of the 1930s and the horror comics of the 1940s and 1950s, *Dead Vengeance* is a pulp-infused journey through the seedy side of carnivals, the 1930s mob, and two-fisted justice!

LET *PREVIEWS* HELP YOU REFINE YOUR COMICS CREATION SKILLS

This month, ***PREVIEWS***' How to Draw Month pays homage to the do-it-yourself spirit that launched the comics industry. Where would we be today if two young lads named Jerry and Joe didn't create their own comic book? Two guys — one a writer, the other an artist — launched a genre and forged a legend. Who will be the next Siegel and Shuster? Who will create the next comic book classic?

Like any skill, creating comic books at any stage of the process — whether writing, penciling, inking, lettering, or coloring — requires practice and technique. Creators, at any skill level, can take advantage of How To Draw Month which spotlights books that will help you become a better comics creator. Whether you choose from books like Watson-Guptill's *DC Comics How To Guides*, Random House's *How to Draw Comics the Marvel Way*, WW Norton's *Will Eisner's Graphic Storytelling and Visual Narrative*, Harper Collins' *Reinventing Comics*, or any of the dozens more books featured with the "How to Draw" icon throughout the catalog, you will find tips and techniques that will help you to become the best comics creator you can be.

Next March, two cultural icons meet on the silver screen for the first time in Zack Snyder's new film, *Batman v Superman: Dawn of Justice*. In January, DC Collectibles releases two statues based on the film, the Batman Statue and the Superman Statue, depicting the two heroes ready for battle. Both feature detailed sculpts of Ben Affleck as Batman and Henry Cavill as Superman. Get both and display them together as an action scene!

556 GRAND JESTER WILL HAVE YOU SINGING "KILL THE WABBIT" WITH TWO NEW MINI-BUSTS

Chuck Jones' "What's Opera, Doc," in which Bugs Bunny and Elmer Fudd chase one another through the worlds of opera, may be the most famous Looney Tunes cartoon produced. This autumn, Grand Jester brings collectors mini-busts of Bugs and Elmer based on the cartoon. The *Grand Jester: Bugs Bunny* and *Grand Jester: Elmer Fudd* mini-busts are based on Richard Wagner's Ring Cycle, as filtered through the mind of Chuck Jones!

599 ENESCO'S NEW FROZEN FIGURE WILL HAVE YOU WANT TO SING LIKE ELSA

What Disney fan can forget the moment in *Frozen* in which Elsa, on the run from her castle and lost in the snow, embraces her powers and breaks out into song, singing "Let It Go"? Enesco captures that moment with their new *Disney Showcase: Elsa Cinematic Moment Figure*. This 10" tall figure boasts an impressive recreation of her shimmering ice dress and will make you want to break out into song, too!

With Bruce Wayne now lost to them, Dick and all his allies are out in the cold! Who can they trust? Is someone among them not who they say they are? And who is the deadly, silent young woman in black who's come to Gotham City looking for Batman?

Prepare yourself for six months of international intrigue, twists and turns, and new additions to the world of Batman and Robin, from showrunners James Tynion IV and Scott Snyder, and writers Tim Seeley, Steve Orlando, Genevieve Valentine, Ed Brisson, and Jackson Lanzing & Collin Kelley!

When a white orb washes up on the shore of a remote Latin American village, a group of children naturally poke at the strange object to see what it is. The orb explodes, leaving the children completely blind. And when a beautiful young woman who may be an alien is found wandering the seafront, she's taken in by the townspeople, but soon becomes a person of interest to a quirky pair of undercover CIA agents, and the target of affection for a young scientist. Can they come together to prevent an all-out alien invasion and save the souls in this sleepy, seaside town?

Find out in SURVIVORS CLUB, a new series cowritten by renowned horror novelist Lauren Beukes and videogame journalist Dave Halverson, with art by Ryan Kelly (NORTHLANDERS).

Having found each other over the internet, six grown-up survivors are drawn together by the horrors they experienced in 1987 when a rash of occult events occurred around the world—with fatal results. Now, there are indications that it may be happening all over again. Is it possible that these six aren't just survivors—but were chosen for their fates?

In proud partnership with the **Hunter S. Join Thompson's alter ego Raoul Duke on the mother of all Vegas benders, as he and his attorney Dr. Gonzo cover a motorcycle race, crash a drug-enforcement convention, and rack up obscenely large room-service bills, all while dosed to the gills on a truly spectacular assortment of mind-altering substances.

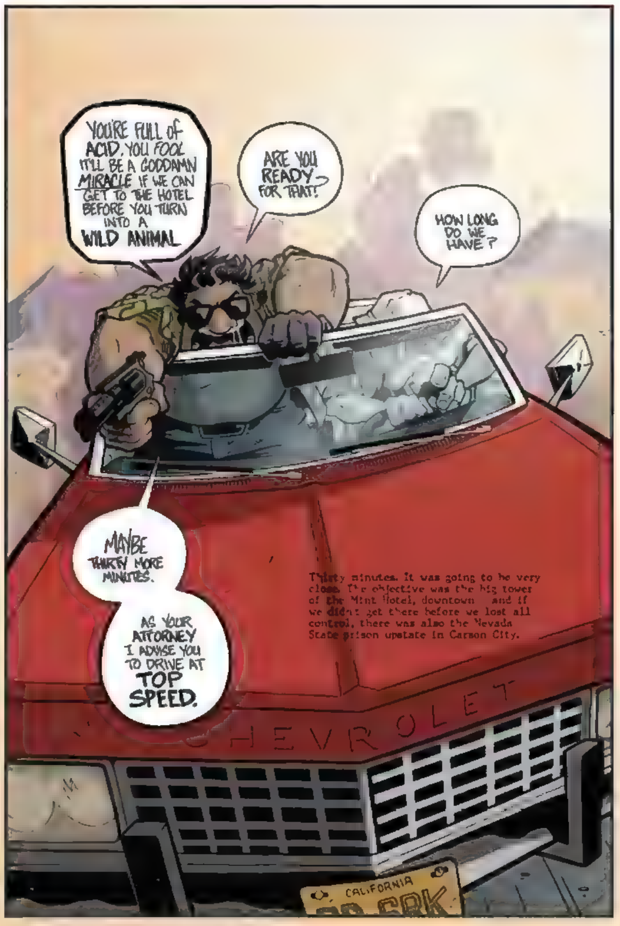
THERE'S ONE THING YOU SHOULD PROBABLY UNDERSTAND.
He stares at me blankly. GOD, what a PERFECT SKULL he has...
CAN YOU HEAR ME?!
YES
THAT'S GOOD BECAUSE I WANT YOU TO KNOW THAT WE ARE ON OUR WAY TO VEGAS TO FIND the AMERICAN DREAM.
THIS IS A VERY OMINOUS ASSIGNMENT-WITH OVERTONES OF EXTREME PERSONAL DANGER
THAT'S WHY WE RENTED THIS CAR.
IT WAS THE ONLY WAY TO DO IT
CAN YOU GRASP THAT?



YOU'RE FULL OF ACID, YOU FOOL IT'LL BE A GODDAMN MIRACLE IF WE CAN GET TO THE HOTEL BEFORE YOU TURN INTO A WILD ANIMAL
ARE YOU READY FOR THAT?
HOW LONG DO WE HAVE?
MAYBE THIRTY MORE MINUTES.
AS YOUR ATTORNEY I ADVISE YOU TO DRIVE AT TOP SPEED.
Thirty minutes. It was going to be very close. The objective was the big tower of the Mint Hotel, downtown and if we didn't get there before we lost all control, there was also the Nevada State prison upstate in Carson City.

THIS IS GOING TO BE A LONG WALK
WELL... THAT DEPENDS ON HOW MANY PEOPLE WE [redacted] WITH BETWEEN HERE AND THE DOOR.
I WANT TO LEAVE FAST.
MAKE IT STOP!
I got him as far as the edge of the bar, the rim of the merry-go-round, but he refused to get off until it stopped turning, clutching at the railing.
IT WON'T STOP. IT'S NOT EVER GOING TO STOP.

Since this is a death on federal property, Mulder and Scully are hastily called in. When a second victim, completely unrelated to nuclear science or Dr. Gregory is obliterated in the New Mexico desert, and then a third dies the same way in Washington, DC, Mulder and Scully begin to focus on the frightening dimension of their task. I HATE FAIRYLAND #1

THAT IS HOW THESE TALES USUALLY GO. BUT NOT FOR OUR LITTLE GERTRUDE.
SHE SOUGHT AFTER HER KEY FOR **TWENTY-SEVEN YEARS.**
LARRY, IT'S BEEN FOUR DAYS, WE SHOULD BE AT THE WIMPLES ROCK BY NOW.
I THINK WE SHOULD'VE SPRINKLED DUST OF HAMMET SPINE WHEN WE WERE OVER THE WAVE GRAVES, THEN THE DROWN SOULS WOULD'VE OPENED A SECRET PATH FOR US.
ON THE OUTSIDE, IT LOOKED AS IF SHE HAD NOT GROWN ONE DAY OLDER, BUT ON THE INSIDE...
THE **WAVE GRAVES?** THAT WAS TWO DAYS AGO, WHY DIDN'T YOU SAY SOMETHING **THEN?!**
YOU HAD THE MAP, NOT ME.
...SHE HAD AGED EVERY SINGLE MINUTE OF HER TIME IN FAIRYLAND.
WELL, FLUFF YOU, AND FLUFF THIS MAP.

I HATE FAIRYLAND #1

THE SWEET YOUNG GIRL, WHO WAS ONCE FILLED WITH HOPE AND JOY, WAS TAKEN OVER BY THE HATEFUL, MISERABLE...
...DISGUSTING, REVOLTING, WRETCHED, HORRENDOUS, PUTRID, PA--
AND FLUFF THAT GUY!
HEY, YOU KNOW I CAN HEAR YOU, RIGHT?
YES, I UNDERSTAND THE WORKINGS OF YOUR HUMAN EAR, AND HOW IT RECEIVES SOUNDS, QUITE WELL. IN FACT I—
YEAH, YEAH. IN FACT, YOU ARE THE WORST, AND IF YOU SAY ANOTHER WORD, I'M GOING TO SHOOT YOU IN YOUR WORST FACE!
HOW DARE YOU SPEAK TO ME IN THAT MANNER.
I AM THE HIGH TELLER IN THE SACRED GUILD OF NARRATORS. YOU WILL SHOW ME THE PROPER RESPECT.
OH, I'M ABOUT TO SHOW YOU SOMETHING PROPER.

THAT WAS A BIT **MUCH.**
HE WAS RUDE.
AND THAT WAS A PROPORTIONAL RESPONSE?
I WARNED HIM.
FAIR ENOUGH. BUT WHAT ABOUT ALL THESE WITNESSES? THINK THEY'LL BE QUIET?
UGH. MAYBE, BUT WHY RISK IT?
YOU DRIVE...

UPPER EAST SIDE MANHATTAN, NEW YORK
Da, Baboushka. I am clipping proof of death as we speak. You need help?
No, I can handle this. Just keep working on the perimeter.

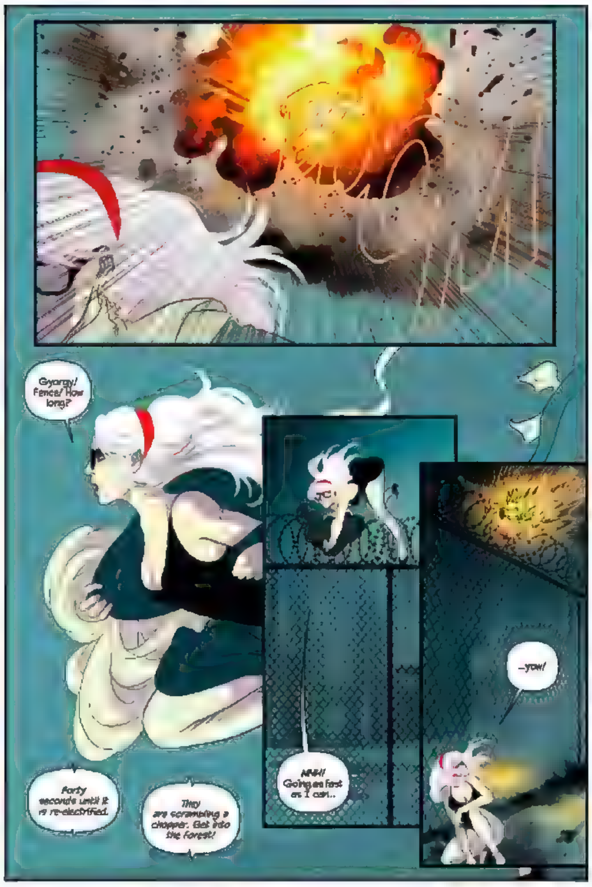
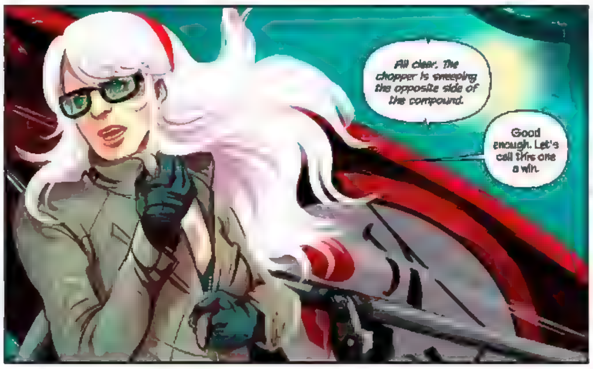
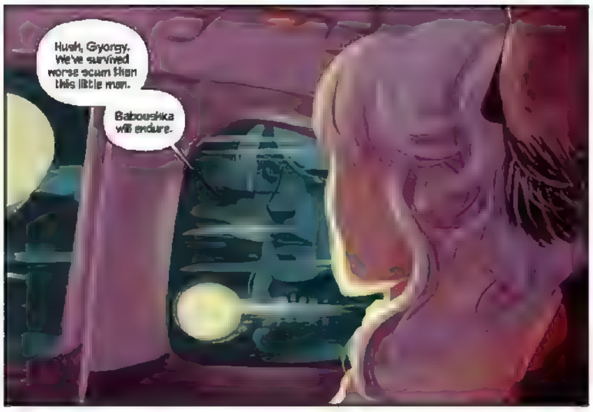
Kill that maid!
That's assuming I make it out of the building alive, of course...



Gyorgy! Fence! How long?
Forty seconds until it is re-electrified.
They are scrambling a chopper. Get into the forest!
NNH! Going as fast as I can...
—yow!



All clear. The chopper is sweeping the opposite side of the compound.
Good enough. Let's call this one a win.



Hush, Gyorgy. We've survived worse scum than this little man.

Casanova Quinn, interdimensional superspy and assassin, has crash-landed here on Earth—on OUR Earth—with absolutely no memory of who he is or the things he's done. He works for a man with just as mysterious a past as his own and has found the New Normal of his life under the name "Quentin Cassiday." That's when the end of the world begins. With nine days to a supposed apocalypse, Los Angeles simmers in fear as a weird cult readies itself for what comes next...and what comes next runs straight through Casanova Quinn. By Eisner Award-winning writer **MATT FRACTION (SEX CRIMINALS, ODY-C, SATELLITE SAM)** and with art by international superstar **FÁBIO MOON** (**Two Brothers, Daytripper**), this volume also features exclusive back-up stories written by Pulitzer Prize-winning novelist **MICHAEL CHABON** (Telegraph Avenue, The Amazing Kavalier and Clay) and drawn by **CASANOVA** co-creator **GABRIEL BÁ (The Umbrella Academy, Two Brothers)** that tells the story of the women tasked with hunting Casanova Quinn down across space and time.

Superfight is Skybound's wildly popular party game in which players use cards to generate ridiculous characters and then argue about who would win in a fight. From this 500 card core deck, you might have a t-rex with laser eyes VS. Bruce Lee made of steel, or a pirate swinging a shark on a chain VS. a kindergarten class that breathes fire. The game is easy enough to learn in thirty seconds, but outrageous enough to keep even hardcore nerds and gamers coming back for more.

KIDS COMCS MONTH: CREATOR INTERVIEWS

Whether you're young or old, regardless of your tastes and interests, there's no denying the appeal of a well-written, well-drawn comic book or graphic novel. "All-Ages" doesn't have to strictly mean "For Kids Only"... especially when there's so much wonderful content being created today that's perfectly suited for anyone to pick up and enjoy.

This month ***PREVIEWS*** celebrates Kid Comics throughout the issue with plenty of new and backlist titles available. And in anticipation of this month's theme, we reached out to some of All Ages Comics' most talented creators for these mini-interviews! You may know the titles, but do you know their creators? Hopefully you'll get a better insight into these talented creators with this month's special feature!

GET TO KNOW JEREMY WHITLEY

Position: *Writer* **Known for**: *Princeless*

Previews: *How would you describe your comic to a young reader to get them excited about it?*

Jeremy Whitley: ***Princeless*** (*Vol. 1*—JAN140827) is all about a princess who's her own hero; she's not going to wait around for some knight or prince to save her. Adrienne picks up a sword and not only saves herself, but teams up with her dragon to go save her sisters!

JEREMY WHITLEY
M. GOODWIN

P: *What got you excited about your comic? Is there any part in particular you can share about the upcoming story?*

JW: I'm excited about the new chapter because there are lots of monsters! Adrienne's bravery is really going to be tested and some of her sisters and friends are going to have to step up too.

P: *What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

JW: I think the essential thing is that you don't talk down to young readers. Kids are smart and appreciate being given credit. When I was in elementary school I was reading *Jurassic Park* and *Lord of the Rings*. I hated when I read stories and I felt like I wasn't getting the "real thing".

P: *What was your favorite comic as a kid? And how does it continue to influence you today?*

JW: When I was a kid, I loved the *X-Men*. I feel like things I learned from the *X-Men* still affect the way I create stories today. I like to work with diverse casts and I always have strong intelligent women taking the lead.

Jeremy recommends...

1. ***Nutmeg Vol. 0 TP*** (APR150961)
WHY? It's a crime story about high school girls. It somehow manages to be about girls, about baking, and about crime. It's a ton of fun!

2. ***Lumberjanes Vol. 1 TP*** (APR151266)
WHY? This is my daughter's favorite comic. *Lumberjanes* has it all: It's full of action and adventure, and has some of the best and most fun characters in any comic I'm reading now. I can't say enough about it!

3. ***The Unbeatable Squirrel Girl Vol. 1: Squirrel Power TP*** (MAY150824)
WHY? This comic is so amazingly fun and optimistic — something that's unfortunately rare in superhero comics these days. Squirrel Girl is as good of a role model as girls who want to be superheroes could ask for right now!

GET TO KNOW BEN MCCOOL

Position: *Writer*
Known for: *Lookouts, Strange Sports Stories, Choker, Memoir*

***Previews**: How would you describe your comic to a young reader to get them excited about it?*

Ben McCool: Put simply, it's a collection of stories and newspaper-style strips that chronicle the madcap misadventures of *Grumpy Cat*. Yes, *that* Grumpy Cat! There'll be all manner of cat-related shenanigans going down, with Grumpy and her (rather more cheerful) brother Pokey in the thick of it all. Loads of laughs, tons of cuteness, and of course, a hefty dose of grumpiness. All delivered in the most delightful way possible, of course!

***P**: What got you excited about your comic? Is there any part in particular you can share about the upcoming story?*

BM: I'm going to keep the story specifics under wraps for now (as ever, I am a dreadful spoilsport!), but I will say that my influences for writing these fun-filled tales range from *Garfield* and *Peanuts* to *Ren & Stimpy* and *The Simpsons*. There'll be a varied selection of stories on offer, and my array of inspiration no doubt reflects this! As for me and my epic level of excitement? I am a *huge* cat lover. Dare I say, a crazy cat lady who just happens to be a gentleman! (Those who know me might use a *different* word there...) *All* animals are wonderful, but kitties are my favorite; sleek, stealthy, mysterious... cats are just so cool! *Grumpy Cat*, meanwhile, has provided me with many a chuckle. I was lucky enough to attend her birthday party last year! Suffice to say, it was quite the spectacle... Cats (grumpy or otherwise) + laughs + comic books = a very happy me!

***P**: What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

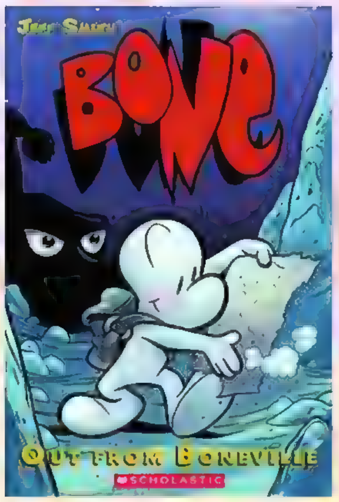
BM: The most important component of writing a story for young readers is FUN — to me, enjoying the reading experience is critical. Engaging characters and imaginative worlds are also necessary inclusions, but weaving them into an enjoyable, engaging, fun-filled tale is what will captivate *and* maintain a young reader's attention.

I recently wrote a six-issue series called *Lookouts*. Based on the much-loved *Penny Arcade* property, it introduces a group of young boy scouts on a quest to earn merit badges while navigating their way through an outlandish, enchanted, magic-sprinkled forest. Each character learned something throughout the journey, and there were very serious moments and scenes peppered throughout. But I made sure that FUN was the primary driving force behind the fable's unfolding!

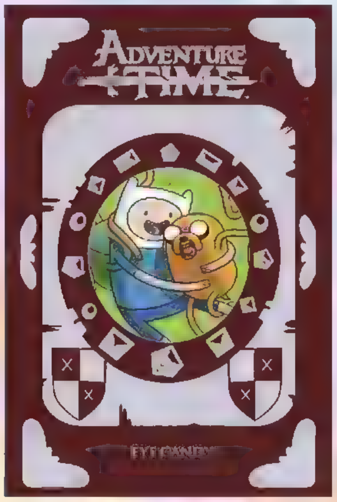
***P**: What was your favorite comic as a kid? And how does it continue to influence you today?*

BM: I'm a lifelong *Peanuts* fan. I've been reading the comic strips for as long as I can remember, and the TV specials are every bit as awesome. *Peanuts'* characters and stories are timeless; truly, it's an inspiring, peerless work of wonder. One that continues to inspire me (along with scores of creators and readers across the world!).

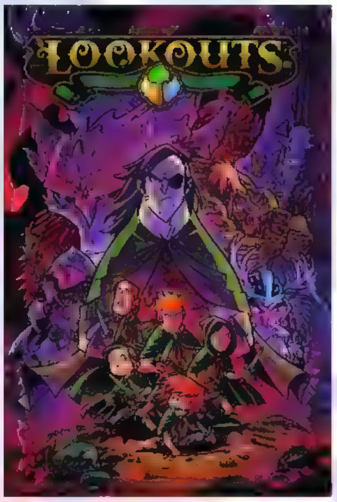
Ben recommends...



1. ***Bone*** (*Vol. 1 Color*—MAR128109)
WHY? Put simply, *Bone* is one of the best comic books of all time! Much like a Pixar movie, *Bone* offers enough fun and laughs to entrance any young reader. At the same time, it boasts sufficient sophistication and captivating characters to ensure story-loving adults are equally entertained!



2. ***Adventure Time*** (*Mathematical Edition Vol. 1 HC*—SEP141186)
WHY? Not only is *Adventure Time* a brilliant TV show, its comic book-based offerings are every bit as awesome! Kooky characters, stupendous amounts of imagination, and of course, top-notch storytelling, *Adventure Time* is recommended for readers of all ages!



3. ***Lookouts: The Riddle HC***
(JUL151209)
WHY? Okay, I have to be honest, I'm rather biased here... after all, I am the book's writer! But boy scouts earning their merit badges while battling all manner of mystical monsters in supernatural spreads of forest? What's NOT to love...?! Go read *Lookouts*! (End of shameless self-plug, heh.)

GET TO KNOW MEREDITH McCLAREN

Position: *Illustrator/Writer*
Known for: *Hinges Book 1: Clockwork City* (DEC140649)

***Previews**: How would you describe your comic to a young reader to get them excited about it?*

Meredith McClaren: *Hinges* is about a doll named Orio and her imp companion, Bauble. They've just woken up in the city of Cobble and must find their place amongst its people. It's a quiet comic with little sparks of action.

***P**: What got you excited about your comic? Is there any part in particular you can share about the upcoming story?*

MM: I really enjoy Orio and Bauble and how they're growing up. The series is currently in its final book, and that kinda demands a little more action. It's really going to push the characters into the people they need to be to make it through!

***P**: What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

MM: Clarity. When you're writing your own story, everything you put on the page seems obvious. But you have to keep reminding yourself that the audience doesn't know what you know and you need to give them bigger hints. It'll feel like you're giving away all the great secrets. But it's important to step back and ask yourself if you've made the story, the character's motivations, and the world they live in clear enough. It's something I continue to work harder on.

***P**: What was your favorite comic as a kid? And how does it continue to influence you today?*

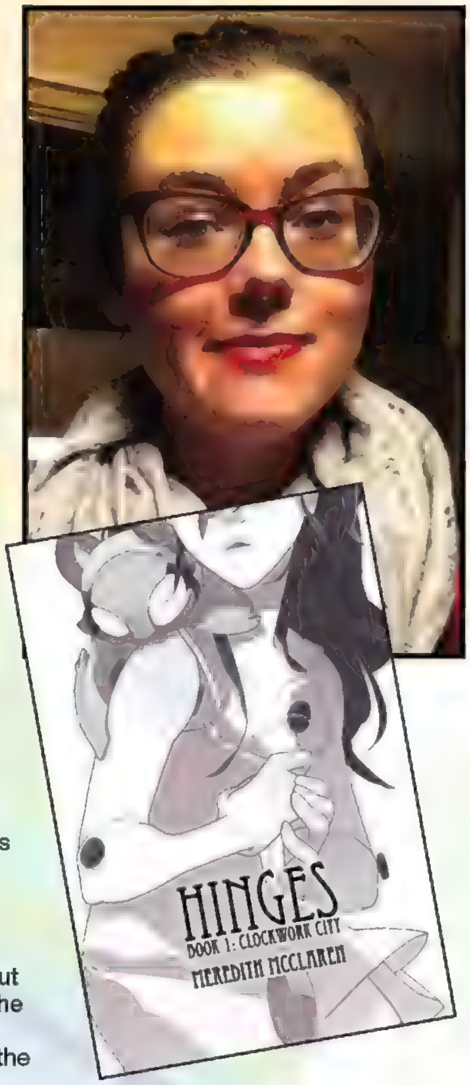
MM: *Calvin and Hobbes*! I really enjoyed it because it never felt like I was being talked down to or mislead. There were some pretty complex ideas coming across in those comic strips. But it was presented in a way that I could understand regardless of what my age was.

Meredith recommends...

1. ***Bone*** (*Vol. 1 Color*—MAR128109)
WHY? It's both a mythic epic and a cartoon and it occupies those spaces easily. Each of the characters are easy to love in their own way and the story is just beautifully delivered.

2. ***Calvin and Hobbes*** (See Pages 266-269 for the *Calvin & Hobbes* Backlist!)
WHY? It is always good. It NEVER stops being good.

3. ***Azumanga Daioh Collected Edition*** (FEB158565)
WHY? It's a strip comic from Japan about several high schoolers, and it is one of the most hilarious things I have ever read! If you want to chortle in the wee hours of the morning, this is the book you want!



GET TO KNOW CHRIS HOUGHTON

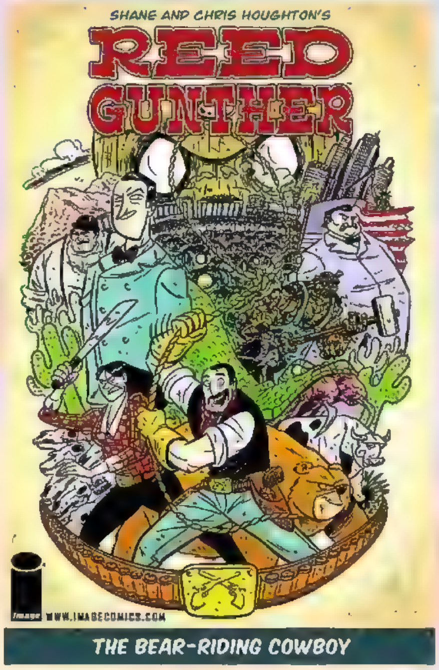
Position: *Penciler/Inker*
Known for: *Reed Gunther, Adventure Time, The Simpsons*

***Previews**: How would you describe your comic to a young reader to get them excited about it?*

Chris Houghton: *Reed Gunther* is a series about a goofy cowboy who rides a grizzly bear and fights monsters! It's a comic filled with ghosts, zombies, werewolves, and hilarity! I think it resonates with young readers so much because it has equal parts scary and funny… that's a fun combination.

***P**: What got you excited about your comic? Is there any part in particular you can share about the upcoming story?*

CH: Each story takes Reed and his friends into uncharted territory. I always like seeing where they'll end up next and what kind of trouble Reed will get himself and his friends into!



***P**: What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

CH: I don't think there's much of a difference between telling stories for kids and telling stories for adults. The content might be a bit different, but universal feelings like love, friendship, and selling your soul to the devil for a jar of pickles (see issue #10!) are things we can all relate to.

Chris recommends...

1. ***Reed Gunther Vol. 2 TP*** (MAR120444)
WHY? Okay, maybe I'm biased (I'm biased.) but it's a great trade with a bunch of one-shot stories, crazy adventures, and hilarious hijinks!

2. ***Usagi Yojimbo Saga Vol. 1 TP*** (JUN140046)
WHY? Usagi's been out for a long time but I don't think enough kids know about it! Fun, one-shot (for the most part) adventure stories with a ronin rabbit as a main character? Yes please!

3. ***This One Summer GN*** (MAR141196)
WHY? Totally different than the others on this list; It's a great slice-of-life story that's beautifully drawn. Really captures the feeling of slow summer days.

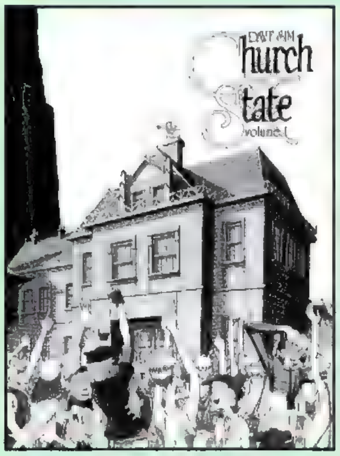
AARDVARK-VANAHEIM

SPOTLIGHT ON



CEREBUS VOLUME: CHURCH & STATE I REMASTERED TP
(W/A/CA) Dave Sim
Thirty years ago, the idea that a genocidal, absolutist "fire and brimstone" faith-based ideology could actually steamroll its way across national borders, financing itself by looting its own citizenry was considered too far-fetched "even for comic books" so that it could only be addressed in the broad confines of the Ultimate Parody Comic, Dave Sim & Gerhard's *Cerebus*. Says Dave Sim: "Sean Robinson and Mara Sedlins of Living the Line continue their astonishing restoration of the World's Longest Graphic Novel with *Church & State I*, arguably the most challenging of the 16 books to reproduce accurately, because a good 60 to 80 pages consist of Gerhard drawing for reproduction for the first time, learning what works and what doesn't work. Sean and Mara make it ALL work, bringing out levels of detail never seen before." (STK000103)

In the late 1880's American West, Abbadon is a city steeped in sin, where anything is possible if you have the money, influence and power to obtain it. Poised to become the next boomtown, Abbadon is plagued by a series of murders heralding the arrival of U.S. Marshall Wes Garrett. A legendary lawman, Garrett's arrival exposes the secret that Abbadon's sheriff Colt Dixon has desperately been trying to conceal – the victims have all been mutilated the same way they were by a killer Garret stopped – a man some called a monster, but the papers called him Bloody Bill. Garrett and Dixon join forces to uncover the killer's identity in a town so full of corruption that everyone is a suspect. THE ART OF ELFQUEST

Flesk Publications

We are told that we are in a new golden age of comics with such a diversity of genre and creators available to readers be it digital or physical copies. Today's variety of titles owes much to the early creators of self-published indie comics, chief among them Dave Sim and *Cerebus* and Richard and Wendi Pini's *Elfquest.*

Initially starting in *Power Comics Fantasy Quarterly* #1, those of us fortunate to have started reading *Elfquest* from the start new we had latched on to something special. When the series became self-published under Father Tree Press and distributed by Phil Seuling's Seagate Distribution comic book history it became one of the gold standards for independent comics.The details in the art and story made and makes *Elfquest* a true must read for readers from self-published comics to collected editions from Donning, DC and currently from Dark Horse.

Flesk Publication's *The Art of Elfquest* provides the perfect companion to those collected comics and stories with the quality one expected from this publisher of fine art books.With almost every piece of Wendi's original art, sketches, notes and scraps of paper dating back to the conception of *Elfquest* meticulously catalogued and preserved by her and her husband-collaborator, Richard, *The Art of Elfquest*, representing a complete overview of the very best artwork spanning nearly forty years has been made available to their loyal fans and new readers alike.

Like many of the artist editions, each piece has been meticulously scanned directly from the original artwork and approved by the Pinis.

The Art of Elfquest features the very best covers and premium samples of interior pages spanning its historic run. This massive collection continues with sections devoted to *Elfquest's* continued success in comics and is further accentuated by sections on calendars and portfolios, a coloring book and novel illustrations, art for film and newspaper-strip proposals, a feature on the first concepts and much more. Fresh interviews with Wendy and Richard Pini also infuse the book with revealing captions to supplement Wendy's art.

Whether you been with *Elfquest* from its earliest days or are new to the adventures of Cutter, Leeta and Skywise you will enjoy this gorgeous retrospective highlighting the art of a legendary pioneer in the independent comics field.

I'm looking forward to this book having a special fondness for the Father Tree Press editions, as Richard and Wendi's contact here at Diamond for many of their collected editions.

SUITE FRANCAISE: STORM IN JUNE GN

(W/A/CA) Emmanuel Moynot

Suite Française, an extraordinary novel about village life in France just as it was plunged into chaos with the German invasion of 1940, was a publishing sensation ten years ago; Irène Némirovsky completed the two-volume book, part of a planned larger series, in the early 1940s before she was arrested in France and eventually sent to Auschwitz, where she died. This dramatic and stirring graphic novel, translated from the French and faithful to the spirit of Némirovsky's story, focuses on Book 1 in which a disparate group of Paris citizens flees the city ahead of the advancing German troops. However, their orderly plans to escape are eclipsed by the chaos spreading across the country, and their sense of civility and well-being is replaced by a raw desire to survive. About: How do you join The Tokyo Club? Simple. You climb into your single seat, single engine fighter- loaded with fuel and ammunition- and fly 700 miles across the open Pacific until you reach the mainland of Japan. There you fight off any enemy aircraft attempting to hit the American bombers you're escorting to their targets. Still alive? Now comes the fun part. You fly another 700 miles back home to your airstrip on Iwo Jima, fuel running lower and lower, nothing but ocean for miles around. Any battle damage you've suffered will reduce your chances even further. Make it back and you're in the club. And more good news: you get to do it all again tomorrow. Part one of three, by Garth Ennis and Tomas Aria. Available with Regular & Wraparound Covers by Tomas Aria, and Good Girl Nose Art & Battle Damage Retailer Incentive Covers by Matt Martin.

About: Simon Spurrier has created some of the most fantastic and frightening visions of horror in comics. And now the Crossed: Wish You Were Here scribe has taken the breathing world of Crossed +100 created by Alan Moore to new places with a terrifying arc. Future Taylor has seen close up that the Crossed have changed both in their behavior and their civilization. But do those changes make them any less dangerous as the outbreak once again begins to spread. Several special themed covers continue to enrich the series:

American History X Wraparound - Each of these will depict a specific time in the past hundred years, showing how things have changed and offering a peek at some key events. Each cover will display the year in which it takes place to help build the full picture. Art by Rafa Ortiz.

Crossed Wires - The Crossed just don't see or make things the same way a person would, these images celebrate that day-to-day madness. Art by Christian Zanier.

Disastered - These will show how America has changed since the original Crossed outbreak. Art by Christian Zanier.

Horrific Homage - What if the Crossed were there from the very beginning of comics? This edition will be an Homage to a great Golden Age cover. Art by Michael DiPascale.

(W/A/CA) Matt Madden
Matt Madden (*99 Ways to Tell a Story*) pushes the limits of storytelling again with this palindrome comic. A man and a woman cross paths in a series of chance encounters in the NYC Subway system. As obsessions grow and falter, these characters walk closer and closer to the edge, striking a dangerous balance. The country of Tairona became a no man's land after the military coup. Guerrillas were formed across the lands, and rebels unified against the dictator to resist the regime. The hopes of many lay on Clandestino, who barely escaped from the military attacks as a child, and was then recruited by the rebel forces, to later lead the revolution against the dictator. A sci-fi thriller about a next-gen form of psychiatry: "subliminal hitmen" injected into your mind who hunt down and kill the demons that haunt you. Ex-military sharpshooter Colin McClure is Mezign Corporation's most recent recruit for the still-experimental (and often deadly) job of subliminal hitman. McClure is the perfect candidate for two reasons: a) he's a killing machine, and b) he lost his legs in the war, so subliminal-ops are his only way to see any action. But he's also a dangerous candidate for one reason unknown to Mezign: Colin's true motive is to enter the mind of his catatonic daughter and bring her out of a coma. (STK684890)

BLEEDING COOL MAGAZINE Issue #19

Retail Price: $5.99 US
MR, Full Color, 128 pages

ABOUT: Gadgetry and human modification have been staples of speculative fiction since its inception. The allure of technology bringing superior skills to worthy or less than worthy individuals continues to play out in mainstream and indie comics titles today. But where do we draw the line between using technology and technology using us? The questioning that comes with use of great power is part of the fascination of these stories. In this issue of BLEEDING COOL MAGAZINE, we'll look at the rise of augmented protagonists in comics, and RICH JOHNSTON will lead our discussion of heroes human and post-human. We'll be joined by WARREN ELLIS in an exclusive interview on post-humanism, and we'll set out to explore these ideas in comics by leading publishers and creators. This issue will also investigate the films and games that have fed our curiosity, while delivering our Price Guide featuring the rise of tech-savvy heroes on the collectors' market. Now appearing at 128 pages on a bi-monthly release schedule, BLEEDING COOL MAGAZINE delivers an in-depth, smart critique of the industry, as well as revealing interviews only to be found in our print edition.

BLEEDING COOL MAGAZINE #19 ORDER INCENTIVE: Retailers who order five or more copies of *BCM* #19 will be promoted as a Bleeding Cool Store in the magazine.

DEMOCRACY GN
(W) Abraham Kawa
(A) Alecos Papadatos, Annie Di Donna
(CA) Alecos Papadatos
From the team behind the international phenomenon *Logicomix* comes a new graphic novel, *Democracy*, written and illustrated by Alecos Papadatos and in collaboration with Abraham Kawa. *Democracy* opens in 490 BCE, when Athens is at war. Leander, trying to rouse his comrades for battle, begins to recount his own life, bearing direct witness to the evils of the old tyrannical regimes and to the birth of a new political system. The story that emerges, of the death of the gods and the tortuous birth of democracy, is crammed with extraordinary characters and tells in incident and vivid detail how this greatest of civic inventions came about. We see that democracy was born through a combination of chance and historical contingency — but also through the cunning, courage, and willful action of a group of highly talented and driven individuals. COGNETIC #1 (OF 3)

Written by **James Tynion IV**
Illustrated by **Eryk Donovan**
Covers by **Eryk Donovan**, **Brian Stelfreeze** *(Ten Years Variant INCV)*, **Juan Doe** *(INCV)*
$4.99 • 48 Pages • Full Color

WHAT'S TO LOVE

The creative team behind the award-nominated ***Memetic*** are back with another apocalyptic tale! We obviously love working with James Tynion IV (see ***The Woods***, ***UFOlogy***, and the aforementioned ***Memetic***), and we know partnering him once again with artist Eryk Donovan will lead to another great-looking story. In ***Cognetic***, Tynion and Donovan offer a look at the fundamentally human desire for control—that deep-seated belief we all feel in our darkest moments that if we had total, absolute power, we would be able to create a perfect world.

WHAT IT IS

Every human believes that they are self-reliant, self-determined individuals, each set on their own course. They've built civilizations, they've built culture, they've built lives... But what if that isn't the right track? What if there is a singular mind ready to take back control and finally right the destiny of mankind and build a better tomorrow? ***Cognetic*** is the story of a powerful psychic being that once controlled one-third of the world's population as a part of its hivemind, and his return to humanity in modern-day New York City. It's a psychic action thriller, precariously positioned on the edge of outright apocalypse. It's also the story of a young woman, the assistant to the director of the FBI, who might be the only one who can save humanity, but at a terrible, terrible cost. Each issue in this miniseries is oversized with 48 pages!

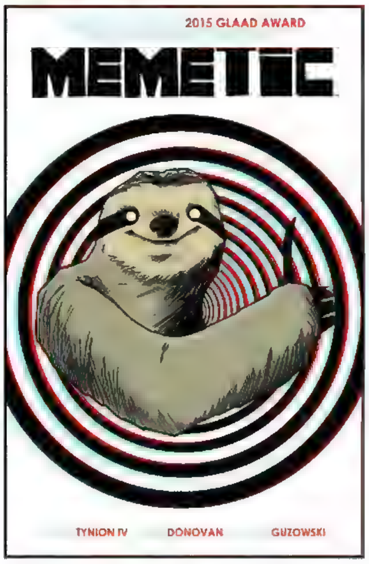
MEMETIC TP



Written by **James Tynion IV**
Illustrated by **Eryk Donovan**
Cover by **Eryk Donovan**
$14.99 • 128 Pages • Full Color

WHAT'S TO LOVE

Memetic is truly an event comic, and a wholly unique take on the disaster genre. Much like his work on ***The Woods***, writer James Tynion IV—with the help of fantastic newcomer Eryk Donovan (*The House in the Wall*)—brings horror to a whole new generation of fans of J-horror films like *Uzumaki* and *The Ring*. Plus, ***Memetic*** was nominated for the 2015 GLAAD Award for Outstanding Comic!

WHAT IT IS

A meme is an idea that starts with an individual, and then virally spreads to multiple persons and potentially entire societies. Richard Dawkins suggests a meme's success comes from its effectiveness to the host. But history shows that destructive memes can spread just as rapidly through society. ***Memetic*** shows the progression of a weaponized meme that leads to the utter annihilation of the human race within 72 hours. The root of this apocalypse is a single image on the internet, a "meme" in the popular sense. A meme that changes everything. Collects the complete three-issue miniseries.

Covers by **Mike Perkins**, **Mike Perkins** *(Jackpot Variant)*, **Brian Stelfreeze** *(Ten Years Variant INCV)*, **Andre de Freitas** *(INCV)*

WHAT'S TO LOVE

The team of Mike Carey *(Suicide Risk, The Unwritten)* and Mike Perkins *(Deathlok)* come together for the first time since 2005's *Spellbinders* for a taut horror thriller set in their native England. If you're a fan of horror films like *Insidious* and *The Conjuring*, or comics like ***Curse*** and *Nailbiter*, you'll love how ***Rowans Ruin*** unfolds as it slowly clues you in on the terrifying secret that is at the heart of the story.

WHAT IT IS

Katie has always had things pretty easy, growing up in comfortable circumstances in Florida. But when she finds herself with a long summer break before grad school, she decides to do a house-swap with a British girl, Emily, as a way to vacation relatively cheaply—and to get out from under her parents' attentiveness. England is great, so different from Florida, and the house, called Rowans Rise, is charming. But soon she starts having nightmares—really, really, strong ones. Curious, Katie researches the owners of the house, and discovers it may have more of a sinister history than she thought.

WHAT'S TO LOVE

If you've read S.M. Vidaurri's first original graphic novel ***Iron: Or, the War After*** or his issue of ***Jim Henson's The Storyteller: Witches***, you might understand when we say his watercolor stylings are hauntingly beautiful to look at—they have a soft gentleness to them, yet can convey the most stark of imagery. His new OGN has us completely mesmerized once again, invoking comparisons to the *The Legend of Korra* and the works of Hayao Miyazaki.

WHAT IT IS

When Carson, a young girl living with cancer, is bestowed with age-old magic by a rebellious sorcerer named Iscariot, she must navigate her new powers, face the life she had thought she left behind forever, and take on the order of magicians who want to control her destiny. Carson discovers that Iscariot's intentions might not have been as altruistic as it first appeared, and learns the hard way that magic comes at a cost.

MESSENGER: THE LEGEND JOAN OF ARC GN

(W) Tony Lee (A/CA) Sam Hart
It is 1424. France and England have been fighting for more than a hundred years, and Jehanne D'Arc experiences her first saintly vision. Even her parents think she's delirious — until her next vision allows them to save the village. From a small town to the besieged city of Orleans and on to the cathedral of Reims, Joan follows her faith and leads the French to victory after victory. But not everyone believes in the divine voices she hears. Some call her a heretic and want her burned at the stake. From the creators of *Outlaw: The Legend of Robin Hood* and *Excalibur: The Legend of King Arthur* comes a visually striking, action-packed story of a young woman facing the men who lead her country, her enemies' deadly arrows, and her own fears, to become a heroine whose name would be remembered for centuries to come. If you were a fan and you miss Buffy and True Blood, then you will love Bayou Bound. While going to a football game in Wildwood, Louisiana, a 22-year-old named Chris Miller starts to exhibit unusual abilities. As he tries to leave the city, he gets violently ill and realizes that the life he knew is over. He soon gets deputized and finds himself responsible for all of Wildwood's supernatural problems. Now that he's stuck there, the term "Bayou Bound" takes on a completely different meaning.

BAYOU BOUND GN
(W) Jeffrey Kaufman (A) Kevin West
(CA) Franchesco
Since Joss Whedon has been understandingly busy lately, someone needs to satisfy your hunger for a dark, supernatural, but comedic story. Kevin West and Jose Marzan do a fantastic job making *Bayou Bound*, the epic tale that you will read over and over. Writer Jeff Kaufman, known for his "kick you in your face endings," has drafted a story that can't help but to amuse and confuse. It's about a 22-year-old guy stuck in Wildwood, Louisiana, where he gets deputized to handle all of the town's supernatural cases. Think *Buffy* meets *Eureka*. (STK684531)

Tainted is a beautifully-illustrated graphic novel by the brilliant Chris Cross, whose style is amazing and unforgettable. Written by the notorious indie writer Jeff Kaufman, it takes an unusual twist on the whole vampires vs. the world genre and gives it a more human flavor. It follows a vampire named Smoke, who has been driven insane by a bad meal and is now being hunted by friends and foes. There is absolutely no sunshine or sparkling vampires in this book, just a great story. (STK684527)

NINJA SLAYER: MACHINE OF VENGEANCE VOLUME 1

Vertical Comics

Yakuza, Ninja Yakuza, and a Ninja Slayer! In Neo-Saitama the city is bright, cheap, and dingy. It's your quintessential futuristic, sci-fi city where crime lords rule the streets and the general public are just mindless sheep moving through their monotonous daily lives with no drive. Among the turf wars of the groups like the Yokohama Ropeway Klan — a group of thugs with baseball bats and no regard — and the "Family" Yakuza who employs syngenetic genotype ninja clones from Yoroshisan Pharmaceuticals, there is one true ninja who is on a mission to get rid of them all. He is the *Ninja Slayer: Machine of Vengeance* and he means business.

The latest project from the team that brought us *Neon Genesis Evangelion, Gurren Lagaan,* and now *Kill La Kill, Ninja Slayer* is everything that we would come to expect from such a solid pedigree. From page one you are thrust into an intense action sequence and it only gets crazier from there. This ninja is out to kill and he does just that without slowing down one bit.

For fans of any of the above series, but also the old video game *Shinobi* (and even *Mortal Kombat*) and the Comics One manga *Wild 7* or Tokyo Pop's classic Shotaro Ishinomori series *Skullman, Ninja Slayer* is absolutely for you and I couldn't recommend it enough. I look forward to seeing where it goes and follow the journey of this lone ninja whose sole goal is to clean up the streets of Japan!

Valerie's getting dirty phone calls, but when she goes to take revenge she meets Myles, the man of her dreams. But Myles is up against Emil and Gustav, mentally unstable guns for hire. And Valerie's sister Penny's friend Marcy just wants to play her own songs, but no one in the bar tonight cares- least of all Penny's loser boyfriend Marv and his buddies Chip and Jev, who want their homeboy Mike to play the race card in a dubious scheme to get rich. But Mike has just fallen foul of a certain organisation with a lot of Ks in its name. And then there's Mister Fluffy.

"A Train Called Love is a story I've been wanting to tell for some time, largely because people keep asking me about doing a romance comic and the idea just wouldn't go away. This is what I came up with: guns, gangsters, mayhem, big white hoods, dubious films with horses, mad Germans, obscene phone calls, crazy ladies, total losers, hot chicks, dishy guys, movie stars, lots of narcotics, terrible bands from Williamsburg, taxidermy, incontinence, unrequited crushes, a big fluffy white rabbit and a rather unpleasant scene involving an escalator. Thus shall I explore the highs and lows of love." – Garth Ennis

Lucifer, the lord of Hell, has stripped Purgatori of most of her power and exiled her to Earth, where her insatiable need for blood threatens to overwhelm her sanity. But Purgatori has a rival for the prize, an old enemy with an intense grudge. And even if the vampire goddess can once again attain her former glory, can she withstand the machinations of Lucifer, the weaponsmith Cremator, and Purgatori's own blood clone?

When her father — Solar, the Man of the Atom — passed from this mortal coil, Erica Seleski assumed his powers and traversed the stars! But it's been a rough transition returning to Earth. Her father haunts her in his ghost-like state about galactic math (of all things), her brother is trying to swindle her out of her inheritance, a supervillain is attempting to take over the world, and a nuclear missile is poised to wipe out civilization. And just when she's gotten the hang of her Solar abilities, she has to contend with a visit from Doctor Spektor... the Master of the Occult! Collects the complete story arc from issues #9-12 the Solar: Man of the Atom comic book series.

"A dramatic tempo that'll leave readers glued to the page... The passionate dialogue and intense developments also excite." – Unleash the Fanboy

New York Times bestselling author Tony Lee reimagines the classic Battlestar Galactica concept and characters with a Victorian aesthetic and Industrial Age metalworks!

When the colonial world of Caprica is destroyed by Professor Baltar's clockwork army of city-trampling Cyclonics, Archduke Adama of the Aethership Galactica takes to the skies... choosing the survival of the human race over the rescue of his captive son, Apollo. Disobeying orders and striking out on her own, Lady Athena seeks to free her kidnapped brother with the help of the runaway pilot, Captain Starbuck, and his humanoid Daggit copilot, Muffit... if only they can withstand an assault by vengeful Sky Pirates! Will the ironclad ships and daring spacefarers of this Steampunk universe endure the mechanical menace of the Cyclonics?

"Tons of clever and interesting ideas that really make this seem fresh and new. I highly recommend it." – Front Towards Gamer

Kou Yoneda

Ryo Onoda is a straight guy and he is three years younger than Harumi Deguchi. They have nothing in common and at first, they were just friends. But that's not enough for Harumi- he wants more from Ryo and he realizes that he has fallen in love with him. Feeling anxious and emotional, he wants to tell him how he feels... but he can't. Fearing rejection, he'd rather be just friends and not ruin what he has with him. Here — we have a story of pain, sorrow and happiness of being in love.

Originally published as *La Femme du magicien*, *The Magician's Wife* was awarded the 1986 Prix Alfred (Angoulême) and the Grand Prix (Sierre). KILLING AND DYING HC
(W/A/CA) Adrian Tomine
Killing and Dying is a stunning showcase of the possibilities of the graphic novel medium and a wry exploration of loss, creative ambition, identity, and family dynamics. Adrian Tomine's gift for capturing emotion and intellect resonates here: the weight of love and its absence, the pride and disappointment of family, the anxiety and hopefulness of being alive in the twenty-first century. "Amber Sweet" shows the disastrous impact of mistaken identity in a hyper-connected world; "A Brief History of the Art Form Known as Hortisculpture" details the invention and destruction of a vital new art form in short comic strips; "Translated, from the Japanese" is a lush, full-color display of storytelling through still images; the title story, "Killing and Dying" centers on parenthood, mortality, and stand-up comedy. In six interconnected, darkly funny stories, Tomine forms a quietly moving portrait of contemporary life, creating a fraught, realist masterpiece. (STK684775) (C: 0-0-1)

THE JUGGLER OF OUR LADY: THE CLASSIC CHRISTMAS STORY HC
(W/A/CA) R. O. Blechman
Cantalbert is a simple juggler but the world takes no interest in his only real gift, and he feels inadequate compared to people with meaningful jobs. Seeking a more spiritual approach to life, he enters a monastery. Cantalbert's menial chores among the monks fail to instill the self-doubting juggler with any sense of worth — until he experiences a soul-stirring encounter with a statue of Mary, the Mother of Christ. This magical 1953 retelling of a medieval legend, featuring winsome watercolor images by famed illustrator R. O. Blechman, constitutes a predecessor to the modern graphic novel. WALT & SKEEZIX VOLUME 6: 1931-1932 HC
(W/A) Frank King (CA) Chris Ware
CLASSIC COMIC STRIP REPRINTS
The *Gasoline Alley* gang enters a new decade with this volume: Skeezix moves from childhood to early adolescence and the high spirits of the 1920s give way to the Great Depression of the 1930s. Walt and Phyllis Wallet travel to England, an extended tour that echoes the real life journey taken by cartoonist Frank King and his family in the late 1920s. While his parents are away, Skeezix tries to solve the mystery of an arsonist. Now entering his teens, Skeezix comes to the fore of the strip as an adventurous boy surrounded by a gang of likeminded pals, and Gasoline Alley becomes an influential pillar of teenage-culture, soon to be widely imitated in Mickey Rooney and Judy Garland films as well as Archie comics. Award-winning cartoonist and designer Chris Ware adds a special treat to the volume: a DVD which shows select scenes from Frank King's home movies of the 1920s. CLASSIC COMIC STRIP REPRINTS

Walt Before Skeezix collects the first years of Frank King's beloved comic strip, *Gasoline Alley*. These comics, produced between 1919 and 1920, focus primarily on Walt Wallet and his friends, as they engage with the then-novel automobile sensation that was sweeping the nation. This period of the newspaper strip is especially fascinating as a historical time capsule, charting a moment in America's past when horses and buggies shared the road with cars, and when the USA was making the transition from a country of rural farmers to an urban, industrialized society. Designed and edited by world-renowned cartoonist Chris Ware (*Building Stories*). (STK630042) (C: 0-1-1)

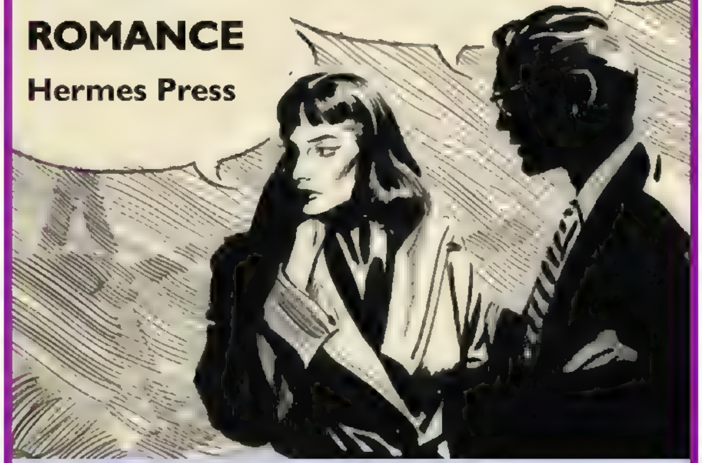
ALEX RAYMOND: AN ARTISTIC JOURNEY: ADVENTURE, INTRIGUE AND ROMANCE

Hermes Press



When you think of the great adventure comic strip artists you tend to think of Hal Foster, Burne Hogarth, Milton Caniff, Roy Crane, Noel Sickles and Alex Raymond. You will note that most of these artists had multiple successes in their field.

Alex Raymond had success with four classic strips, *Secret Agent X-9* which years later became *Secret Agent Corrigan* and illustrated by the Raymond-influenced Al Williamson and latter George Evans , the classic science fiction strip *Flash Gordon* and its companion strip *Jungle Jim*, and the detective/film-noiresque *Rip Kirby* which was continued in fine form by John Prentice.

Alex Raymond: An Artistic Journey: Adventure, Intrigue and Romance from Hermes Press is a must have for comic strip collectors.

In a big 300+ page book in a 10 x 13 portrait formatted hardcover, with full support from King Features Syndicate as part of their 100th-anniversary celebration, Hermes Press presents a comprehensive, definitive art monograph covering Raymond's complete artistic output with authoritative text provided by comics historian Ron Goulart.

Like many of the artist editions, this full color art book features over 400 images, many scanned directly from Raymond's original artwork.

Fans get to see original artwork from Raymond's work on *Secret Agent X-9*, *Flash Gordon*, *Jungle Jim*, and *Rip Kirby* as well as numerous examples of his earliest strip artwork, commercial illustration, and more.

As a fan of classic adventure strips thanks to people like Ed April, Ken Pierce, Tony Raiola and the *Menonomee Falls Gazette* I had a chance to read some great adventure strips. *Rip Kirby* is special as I first discovered it on the back page of the Atlanta newspaper with my parents wedding announcement.

With all the volumes of *Rip Kirby* from IDW and *Secret Agent X-9* from Nostalgia Press, I look forward to adding this Alex Raymond title to my collection.

~ *Steve Leaf*

$39.99 / HC / 350 pgs with 16 pages in full-color / 10 x 10.875

Emmy-winning animation writer Kaz has been corrupting generations with his *Underworld* comic strip since 1992. Almost-parodies of famous comic strip characters, cigarette smoking cats, cute little saccharin-cuddly creatures, and media-damaged kids are all destined for a sardonic smashing in typically-acerbic Kaz fashion. *The Big Book of Underworld* presents the very best of the strip, with annotations, photos, and other surprises from the author along with a foreword by Mutts creator Patrick McDonnell.

THE COMPLETE WIMMEN'S COMIX

Edited by Trina Robbins

$100.00 / HC / 704 pgs / BW / 8.125 x 10.25

In 1972, ten women cartoonists got together in San Francisco to produce the first all-woman comics anthology, *Wimmen's Comix*. Within two years the Wimmen's Comix Collective had introduced and would go on to publish some of the most talented women cartoonists in America — Carol Tyler, Mary Fleener, Dori Seda, Phoebe Gloeckner, and many others. Long out of print, Fantagraphics presents a gorgeous two-volume slipcased set which includes *It Ain't Me, Babe*, the first all-woman comic book ever published. Edited with an introduction by Trina Robbins.

SOLDIER'S HEART: A WWII VETERAN'S BATTLE ON THE HOMEFRONT - A DAUGHTER'S GRAPHIC MEMOIR

by Carol Tyler

$39.99 / HC / 376 pgs / FC / 8.5 x 10.375

Carol Tyler's graphic memoir chronicles her fraught relationship with her WWII veteran father and how the trauma of war effected the Greatest Generation and those who followed. Even though Tyler's work has an accessible, homemade feel (the organizing metaphor of the book is a family photo album), *You'll Never Know* is a sophisticated graphic work about war, love, loss and is also a tribute to servicemen and women.

FRANK IN THE 3rd DIMENSION

by Jim Woodring

$22.99 / HC 3-D Board Book / 32 pgs / FC / 11 x 9

See Frank as you've never seen him before. *Frank in the 3rd Dimension* uses the most technologically advanced 3D ever produced and is an experience that has to be savored to be believed. No red and blue-lensed glasses are used. Instead, the 3D process involves over 150 layers per drawing in order to round and "sculpt" each image into full 3D. The results are mind-staggering. *Frank in the 3rd Dimension* is a series of Jim Woodring's loveliest pictures — 32 vignettes, dioramas and psychedelic moments to be mused and mulled over.

CLASS PHOTO

by Robert Triptow

$14.99 / SC / 64 pgs / BW / 8.5 x 11

After stumbling across the class photo of a 1937 public school under a pile of garbage, Robert Triptow's imagination took off. The result is a charming and completely original graphic novella where each student's fictionalized life is depicted in one-page installments. Triptow weaves these lives in and out, mixing in social satire, elegant cartooning, occasionally disgusting hilarity, and plenty of good, clean fun. What began as an exercise has yielded one of the more engaging, original, and entertaining graphic books in recent memory.

THE SCULPTOR HC GN

(W/A/CA) Scott McCloud

David Smith is giving his life for his art — literally. Thanks to a deal with Death, the young sculptor gets his childhood wish: to sculpt anything he can imagine with his bare hands. But now that he only has 200 days to live, deciding what to create is harder than he thought, and discovering the love of his life at the eleventh hour isn't making it any easier. This is a story of desire taken to the edge of reason and beyond; of the frantic, clumsy dance steps of young love; and a gorgeous portrait of the world's greatest city. It's also about the small, warm, human moment of everyday life. (STK660937)

BLOOD FEUD #1

Oni Press

Cullen Bunn, busiest man in comics, is at it again!

This October, Bunn continues his line of engaging Oni Press titles with a new ongoing in *Blood Feud* #1, a rural vampire classic in the making. Partnering with the talented Drew Moss, *Blood Feud* stirs up a good 'ole family brawl reminiscent of the Hatfield/McCoy debacle with plenty of supernatural twists hidden up its sleeve.

To capture Bunn's southern charm, Drew Moss provides pencils prettier than a drop of butter melting on a stack of fresh pancakes! The South holds a special place in my heart, and Moss's art captured that attractive, southern drawl in the characters and environment that made me feel like I never left.

As an extra bonus for fans, each issue features an alternate cover that presents clever homages to all of your favorite, classic horror movies, beginning with *Friday The 13th*. Everyone loves a good homage!

For fans of *Southern Bastards* that enjoy supernatural fiction, *Blood Feud* will leave you shakin' in your boots while fixin' to know more. Bunn consistently churns out honest, in-your-face titles, and *Blood Feud* is no different. Don't let this one fly under your radar!

FIRST MAN: REIMAGINING MATTHEW HENSON GN

In this graphic novel, Simon Schwartz weaves biography and fiction together to explore the life of Arctic adventurer Matthew Henson. As a member of early missions to reach the North Pole, Henson braved subzero temperatures and shifting sea ice. As an African American at the turn of the twentieth century, he also faced harassment and prejudice. More than a biography, *First Man: Reimagining Matthew Henson* is an artistic homage to Henson's accomplishments and the complicated realities of being a trailblazer in a society that didn't recognize black men as equals. WES CRAVEN'S COMING OF RAGE #1

(W) Wes Craven, Steve Niles (A/CA) Francesco Biagini
From horror icon Wes Craven, director of *Scream* and *Nightmare On Elm Street* comes his first comic book series. Wes Craven writes the series with Steve Niles, bringing two horror masters together for the first time. Says Craven: "About a year ago I had the beginning of an unwritten joke come into my head: A Vampire, a Werewolf and a Zombie walk into a bar... Just that. My imagination went crazy thinking about what could happen when three such impossibly different characters were thrown together. I met with comic book legend Steve Niles. We hit it off, and decided to work out the story of a very special young man's coming of age, and the two unlikely friends who helped him to survive it. After a bit of hard, fun work, a series of comic books were born, telling the story of how these three ended up on the run together, and how the central character, Ritchie, lost his innocence and became one of the most powerful vampires in the world." THE ARAB OF THE FUTURE: A GRAPHIC MEMOIR SC
(W/A/CA) Riad Sattouf
In striking, virtuoso graphic style that captures both the immediacy of childhood and the fervor of political idealism, Riad Sattouf recounts his nomadic childhood growing up in rural France, Gaddafi's Libya, and Assad's Syria — but always under the roof of his father, a Syrian Pan-Arabist who drags his family along in his pursuit of grandiose dreams for the Arab nation. Riad, delicate and wide-eyed, follows in the trail of his mismatched parents; his mother, a bookish French student, is as modest as his father is flamboyant. Brimming with life and dark humor, *The Arab of the Future* reveals the truth and texture of one eccentric family in an absurd Middle East, and also introduces a master cartoonist in a work destined to stand alongside *Maus* and *Persepolis*. SOUTHERN BLOODSUCKING BASTARDS FROM THE WRITER OF *ARMY OF DARKNESS*!

FEATURED ITEM

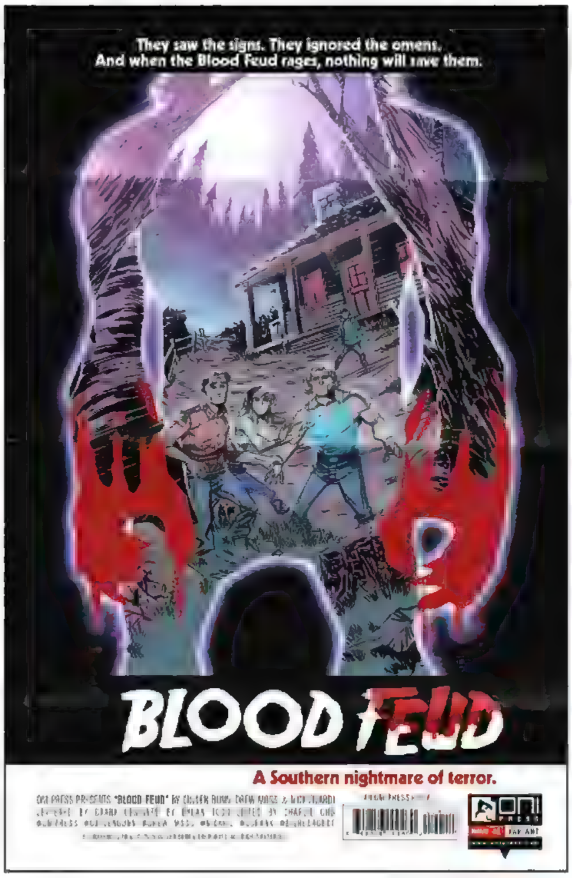
BLOOD FEUD #1

CULLEN BUNN (W) **DREW MOSS** (CA/A)

NICK FILARDI (C)

32 pages, $3.99, RELEASE DATE: **10/07/15**

I've got a story to tell—a story about how me and a couple of poker buddies squared off against the very legions of Hell... and maybe even saved the world. Like all good yarns, this one has its share of action, adventure, mystery, and romance. As for how it ends, though, you'll have to judge for yourself. Me, I've always been partial to happy endings—the singing cowboy riding off into the sunset—but I reckon that just ain't the way of the world. This story's got vampires, too, loads of them, but not in the beginning. It began, for us at least, with spiders.



They saw the signs. They ignored the omens.
And when the Blood Feud rages, nothing will save them.

Nick is less than pleased, but it turns out that Speziali had the worst night... those cops came back, and Nick was right: they were definitely crooked. They put Speziali in the hospital searching for the tape, and now Nick, Paul, and Michelle are in danger.

ASSASSIN'S CREED #1

Titan Comics

Whether you are working to thwart the plans of the evil Knight of Templar as Altair ibn-La'Ahad during the Third Crusade, uncovering unholy plots in Renaissance Italy and Constantinople as Ezio Auditore de Firenze, or fighting alongside George Washington to free the colonies from the spreading poison of the Templars during the American Revolution as Connor (or Ratonhnhaké:ton), *Assassin's Creed* is a game that literally transcends time and space and it is awesome! Mixing fact with fiction, the creative team behind the games which now number over 10, have built an incredible universe and an incredible conspiracy theory that anyone can get on-board with.

All this being said, as a personal fan of the whole series I can say without a doubt that I can't wait to read the new comic series coming out from Titan this fall. Following Charlotte de la Cruz and her assassin ancestor, Tom Stoddard, this time we are thrust into the world of the Salem Witch Trials. Colonial America, a Templar conspiracy, and an assassin and his modern-day ancestor counterpart working to uncover the truth before everything falls apart. What more could you want in a comic book?!

Assassin's Creed is by far one of my favorite games of all time and I am incredibly excited to get ahold of the new comic series coming out from Titan this October… and so will all of the other fans without a doubt!

Being a teenager is never easy, especially for a centaur! Himeno is a sweet, shy girl, who, like many teens her age, struggles with the trials and tribulations of attending high school. The difference is she's a centaur; but she's not alone. In fact, all of her classmates are supernatural creatures, sporting either horns, wings, tails, halos, or some other unearthly body appendage. "I very soon had an opportunity to interpret Dora's nervous coughing as the outcome of a fantasized sexual situation." *An Analysis of a Case of Hysteria*, often referred to as "Dora," is one of Sigmund Freud's most influential case studies. Focusing on the psychoanalyst's investigation of the emotional life of a suicidal 18-year-old, it offers a fascinating insight into his methods of working and interpretation. Freud's analysis of the patient, who he refers to as Dora, leads him to uncover a remarkably troubled and conflict-ridden family history. In this graphic novel adaptation, Richard Appignanesi and Oscar Zarate bring to life this landmark of psychoanalysis, as well as capturing the gripping story of a deeply troubled but fascinating patient. Charlotte de la Cruz is over-educated and underemployed, wasting her time in San Diego, spending her free time chasing down conspiracy theories.

When a real-life conspiracy crashes into her life, she is pulled into the orbit of the **Assassins,** a mysterious organization with roots stretching back thousands of years, and users of stolen **Animus** technology, which allows them to experience the memories of their ancestors as if they were there!

Charlotte has a secret in her blood... the genetic memory of an ancestor who was in **Salem** at the time of the infamous witch trials: **Tom Stoddard**, an Assassin who witnessed a dark act with repercussions for the present day.

As Charlotte is trained in the Assassins' art, and as she investigates the life of her ancestor... the forces of the **Templars** move against her.

Will Charlotte learn the skills she needs to survive, and the truth she needs to prove her worth – before the Templars silence her forever?!

BACK TO THE FUTURE #1

IDW Publishing

Let's face it. We're probably not getting our flying cars, hover boards, a Cubs World Series victory, *Jaws 19*, or a lot of the other amazing technologies featured in *Back to the Future II*. We did manage to get a few neat pieces of tech shown in the movie. Motion sensing video games are now a reality. Skype lets us video chat face to face like Marty. Wearable technology like the fit bit is becoming fashionable and the best thing we're getting in 2015 is another ride in our favorite time traveling DeLorean!

IDW is recharging the flux capacitor with the help of *Back to the Future* screenwriter Bob Gale along with veteran IDW writers John Barber (*Transformers vs. G.I. Joe*) and Eric Burnham (*Ghostbusters*). Brent Schoonover (*Batman 66*) and Dan Schoening (*Ghostbusters*) will be bringing their considerable artistic talents to the book.

The new series will answer some questions that fans have been wondering since the original trilogy. How did these two meet up? They're as unlikely a team as any. Marty is a teenage slacker and Doc Brown is an eccentric inventor who burned his house down. In the first movie Doc Brown has no qualms telling Marty straight up that he stole the plutonium for his time travel machine from terrorists. Marty is shocked but he doesn't abandon his friend not even when those terrorists show up guns blazing.

This October, IDW and the team on *Back to the Future* #1 are what really makes time travel possible.

ARCHER & ARMSTRONG: THE COMPLETE CLASSIC OMNIBUS HC

Following in the footsteps of the X-O MANOWAR CLASSIC OMNIBUS VOLUME 1, it's the complete, oversized omnibus collection of the series Ain't It Cool News calls "the best buddy team book of all time."

Obadiah Archer, left for dead as a boy by his corrupt evangelist parents, has spent the last decade honing his innate abilities in a monastery deep in the mountains of Ladakh before emerging now as the world's greatest hand-to-hand fighter and marksman. His body a temple, his every movement in harmony and his mind perfectly serene... except for the overriding desire to avenge his own murder. Armstrong is a 10,000-year-old libertine who may be as strong as a battalion, but abandoned idealism millennia ago. Now he spends his days drinking, carousing and telling tales of outrageous adventures throughout history to anyone who will listen - that is, when he's not on the run from an ancient cult whose bumbling agents have been hunting him for two thousand years. But Armstrong counts as the worst day of all his days the one when Archer turned up and decided that they were partners - a team chosen by fate to save the world!

Featuring work from iconic Valiant creators Barry Windsor-Smith (*Conan, Weapon X*), Jim Shooter (*Secret Wars*), Bob Layton (*Iron Man*), Mike Baron (*Nexus*), and more, the groundbreaking adventures of the original conspiracy-smashing duo are brought together in their entirety for the very first time right here in this massive, oversized volume. Collecting **ARCHER & ARMSTRONG (1992) #0-26** and **ETERNAL WARRIOR (1992) #25, CHAOS EFFECT: OMEGA** along with **ARCHER & ARMSTRONG: THE FORMATION OF THE SECT.**

HUNTER S. THOMPSON'S FEAR & LOATHING IN LAS VEGAS

IDW Publishing

My heart feels like an alligator! Those were the first words I saw when I opened an advance draft of *Fear and Loathing in Las Vegas*. I'll admit, I'm a huge Hunter S. Thompson fan ("huge" is an understatement; my house is full of prints of artwork from various Thompson publications and I own an original poster from his run for sheriff of Aspen) and I was skeptical when I heard the book/movie that drove me to love writing was going to be adapted into a comic book/graphic novel. Any doubt I had about this project staying true to its source material and paying proper tribute to the good doctor has faded. I read the book with the sounds of Johnny Depp and Benicio Del Toro narrating in my head, and it's made the experience ever so enjoyable. The book is cartoony in a way Thompson intended the characters to be portrayed in a visual medium, and realistic enough that you feel like you're in the throes of the madness with Raoul and Dr. Gonzo. Fifty. Not shades of *Grey*. Fifty pages of *Fear and Loathing in Las Vegas*. I've seen them. Ad I'm hooked.

He hand-picked Don Graham, a respected instructor from the Chouinard Art Institute, to hold classes on entertainment, drawing, and acting and was also innovative enough to document the thought process behind the nascent art form of feature animation.Previously unseen outside of the Disney studios, these lecture notes contain the wisdom behind *Snow White*, and this wisdom also provided the artistic foundation for many films to come. Patrick McDonnell's first bedtime book captures the magic of a sleepover with friends, and reminds us to cherish life's simplest pleasures. During a fun pajama party, three animal friends dance and play, but at last everyone is getting sleepy. Is it time for bed yet? Not before taking the time to say thank you for the day, the night, and good friends. (STK684120) (C: 0-1-0)

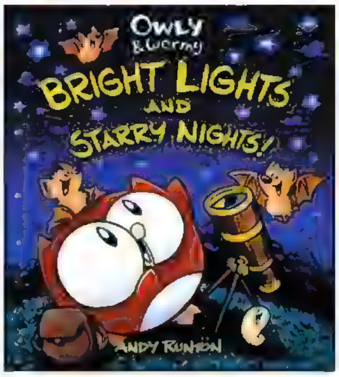
STAR of the MONTH



OWLY & WORMY: BRIGHT LIGHTS AND STARRY NIGHTS! HC

(W/A/CA) Andy Runton

Owly and Wormy want to see the stars! So they gather their telescope and their lantern and head out into the dark night, all the way to the edge of their branch. Try as they might, though, they can only see leaves... and branches...and more leaves. But these two friends are not about to let a little obstacle like foliage stop them. Armed with camping gear, galoshes—and their wits, of course!—Owly and Wormy set out once again. And this time there are even bigger challenges to face. Owly and Wormy find plenty to be frightened of, but with a little bravery, they also find there are nearly as many helpful new friends on the horizon as there are stars in the sky. (STK473753)

Goldfinger is, without doubt, the most famous, iconic, and memorable of all the James Bond films, and on its release in 1964 it set movie screens alight around the world with a heady cocktail of creativity that became an entertainment phenomenon; from its glittering opening credit titles designed by Robert Brownjohn, accompanied by Shirley Bassey belting out its brassy main title theme written by John Barry, Leslie Bricusse and Anthony Newley, through to the corpse of an unfortunate woman painted gold, a man with a deadly steel-rimmed flying hat, a Bond Girl whose feline name caused much trepidation, death by laser beam, a larger than life villain with the Midas touch, and the golden gleaming cathedral-like interior of Fort Knox, as imagined by brilliant Production Designer Ken Adam. The *007 Magazine Goldfinger Portfolio* is the first volume in a 5 volume set of A4, 76-page Limited Edition publications that builds into the ultimate 380-page definitive *Goldfinger* collectable! MARVEL SECRET WARS: CAPTAIN AMERICA JUMBO ACTION FIGURE
A Gentle Giant Release! Secret Wars was a 12-part series from Marvel Comics that introduced the character of The Beyonder to the Marvel Universe. The Beyonder assembles a planet from chunks of other planets and dubs it "Battleworld." He then kidnaps several heroes and villains from Earth and transplants them to Battleworld to fight for his amusement. This 12-part series was tied to an immensely popular *Secret Wars* action figure collection. Each figure included a signature lenticular shield that was unique to the series. Digitally scanned from the original Mattel *Secret Wars* figures and reproduced in 12" scale, no detail for this jumbo-sized Captain America has been overlooked. Roto and injection molded and made of durable plastics, this fully-articulated jumbo figure includes a faithfully reproduced lenticular shield. And, of course, what would the Star-Spangled Avenger be without his trusty shield! To further capture the vintage feel, Gentle Giant has packaged this figure with a *Secret Wars*-inspired backer card featuring original photos and artwork. (STK684537) Scheduled to ship in June 2016. MCFARLANE TOYS

MLB: MADISON BUMGARNER WORLD SERIES 2014 ACTION FIGURE

From McFarlane Toys. Madison Bumgarner, simply put, is statistically one of the greatest post-season pitchers in the history of Major League Baseball, and has forever cemented his legacy as a World Series legend. Over the course of three World Series victories (2010, 2012, 2014), "Mad Bum" has set so many records that it is hard to keep track of. In fact we don't even have enough room to list them all, but here are a few key highlights: He is the only player to record two wins, a save, and a shutout in a single World Series (2014), and he owns the all-time World Series record for ERA, with a staggering .25 ERA through 36 innings pitched. He just was named by *Sports Illustrated* as the 2014 Sportsman of the Year and was the Associated Press' 2014 Male Athlete of the Year. This figure showcases him wearing his home uniform from the 2014 World Series (Game Five) and includes the official 2014 San Francisco Giants Champions logo on the base and three World Series trophies! Each figure will be individually numbered, with only 6,000 total pieces made and packaged in the "Collector Box" style packaging. EMPIRE OF IMAGINATION: GARY GYGAX AND THE BIRTH OF D&D HC

(W) Michael Witwer

Here, for the first time, is a comprehensive biography of the mythic icon among geek and gaming culture, Gary Gygax — and the complete story behind the creation of *Dungeons & Dragons*. The "godfather" of all fantasy adventure games, Gary Gygax has a life story that has been told only in bits and pieces. Michael Witwer has written a dynamic, dramatized biography of Gygax, spanning from his childhood in Lake Geneva to his untimely death in 2008. Gygax's magnum opus, *Dungeons & Dragons*, would explode in popularity throughout the 1970s and '80s, irreversibly altering the world of gaming. *D&D* is the best-known, best-selling role-playing game of all time, and it boasts an elite class of player alumni — Stephen Colbert, Robin Williams, and Junot Diaz all have spoken openly about their experience with the game as teenagers, and some credit it as the workshop where their nascent imaginations were fostered. Gygax's involvement in the industry lasted long after his dramatic and involuntary departure from *D&D's* parent company, TSR, and his footprint can be seen in the genre he is largely responsible for creating. But as Witwer shows, perhaps the most compelling facet of his life and work was his unwavering commitment to the power of creativity in the face of myriad sources of adversity — cultural, economic, and personal. Through his creation of the role-playing genre, Gygax gave generations of gamers the tools to invent characters and entire worlds in their minds. Told in a narrative-driven and dramatic fashion, Witwer has written an engaging chronicle of the life and legacy of this emperor of the imagination! (STK682661) (C: 0-1-0)

PATHFINDR ACG: WRATH OF THE RIGHTEOUS ADVENTURE PATH PART 6– "CITY OF LOCUSTS"

The *Wrath of the Righteous* Adventure Path concludes with *"City of Locusts,"* a thrilling climax by fan-favorite author Richard Pett! The heroes of the Fifth Crusade have risen to heights of power undreamed of and have dealt blow after blow to the demonic armies of the Worldwound. As they return to Golarion from the Abyss, though, they find that their enemies are no longer sending minions after them — they've drawn the attention of not only the leaders of the Worldwound, but that of their demonic patron, Deskari, Lord of the Locust Host! The method for closing the Worldwound permanently lies within the heroes' grasp, but in order to do so they must venture where no Crusader has ever returned from intact: They must enter the crumbling City of Locusts to defeat its demonic ruler... but even this is but a stepping stone to the final battle against Deskari himself! "City of Locusts" is a *Pathfinder RPG* adventure for 18th-level characters who have gained nine mythic tiers. It features an exploration of the apocalyptic cult of Deskari, along with an article filled with suggestions for how to both continue this campaign and to launch a new one in the transformed Worldwound after the heroes succeed... or fail! A bestiary of several monsters (including the final demon lord of the campaign!) and part six of Robin D. Laws's *Pathfinder Journal* novella, round out this volume. (STK681283) (C: 0-1-2)

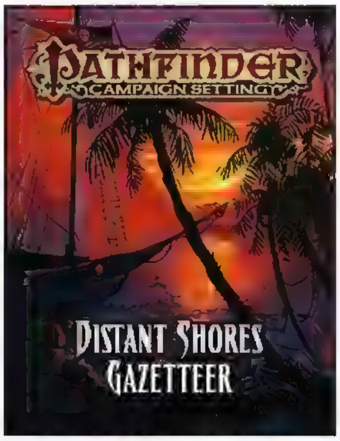
Hell's Rebels
Dance of the Damned

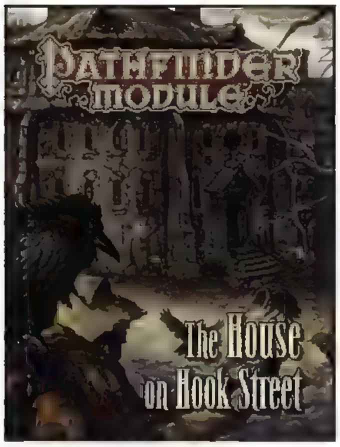
PATHFINDER RPG ADVENTURE PATH: HELL'S REBELS PART 3– "DANCE OF THE DAMNED"

With a hideout in the city of Kintargo established, the heroes of the growing rebellion are poised to take back the city. But before their group, the "Silver Ravens", can strike against the diabolic House Thrune, a few final preparatory steps must be completed. Forging alliances with nearby tribes of aquatic elves and the free-city of Vyre, and closing the mountain pass known as "Menador Gap" will cut off Cheliax's easy sea and land routes, forcing Inquisitor Barzillai Thrune to rely on his resources at hand to defend his control of Kintargo. Yet nothing is as simple as it could be, and the dangers awaiting the heroes of the revolution in the nearby seas, mountains, and the sin-wracked city of Vyre are not always those you can defeat with a spell or sword. *"Dance of the Damned"* is a *Pathfinder RPG* adventure for 7th-level characters, and features several new monsters, a gazetteer of the dangerous city of Vyre, an exploration of the devilish demigoddess Mahathallah, and a brand new *Pathfinder Journal* chapter. (STK681284) (C: 0-1-2)
SC, 96pgs, FC $22.99



PATHFINDER CAMPAIGN SETTING: DISTANT SHORES GAZETTEER

The Inner Sea region is but a small fraction of the world of Golarion, and it does not stand isolated from the other cultures that call the planet home. Many of these distant lands have influenced the nations of the Inner Sea for millennia through trade, military conflict, and the exchange of lore, faiths, and technological innovation. For the first time, details on the far-away lands of Arcadia, Iblydos, southern Garund, and Vudra are presented for Game Masters and players alike. Explore one city in each of six global regions, and discover the diverse cultures, faiths, and inhabitants that make Golarion unique. Prepare for adventure in the far-flung corners of the world, and set sail for the *Pathfinder* Campaign Setting's most distant shores! (STK681285) (C: 0-1-2)
SC, 64pgs, FC $22.99



PATHFINDER MODULE: THE HOUSE ON HOOK STREET

Dreams turn deadly in Old Korvosa! Nightmare-spawned horrors begin stalking the district's shiver addicts, sparking a manhunt to bring those responsible to justice. What role does the strange cult known as the "Brotherhood of the Spider" play in the mysterious deaths, and why has the veil between the dreaming and waking worlds worn so thin? To solve these mysteries and others, the heroes must walk the unseen paths of Bridgefront's occult underworld, and even enter the Dimension of Dreams itself to unravel the web of intrigue around the cult's dangerous machinations. But what happens when the heroes' own dreams turn against them, and can they uncover dark esoteric secrets too terrible to know before it is too late? Designed for use with *Pathfinder RPG: Occult Adventures*, "The House on Hook Street" is packed with terrifying thrills! (STK681295) (C: 0-1-2)
SC, 64pgs, FC $24.99

BATTLE FOR ZENDIKAR

MAGIC: THE GATHERING—BATTLE FOR ZENDIKAR EXPANSION
Battle for Zendikar will be the 68th expansion for *Magic: The Gathering*, and the first block of two sets. *Battle for Zendikar* returns the storyline to Zendikar, a plane of adventure, numerous treasures, and potent mana supplies. The plane is littered with large, floating stones called "Hedrons", that were created by Nahiri, the Kor Lithomancer. Together with Ugin and Sorin Markov, she used them to trap the horrendous Eldrazi on the plane. Thousands of years later, the meeting of Sarkhan Vol, Chandra Nalaar and Jace Beleren in the Eye of Ugin chamber unvoluntary loosened the bonds that kept the Eldrazi in torpor. The Eldrazi were finally released by the elf Nissa Revane, thinking that they would leave Zendikar far behind them. She was wrong. Two years after the initial destruction, at least Ulamog is still around... The *Battle for Zendikar Expansion* is being offered in several formats, for novice and seasoned gamers alike. Choose from *Booster Packs* (sold in Display Boxes), *Event Decks*, *Fat Packs*, and *Intro Decks*. (STK685576) (C: 1-1-2)

HUNTER S. THOMPSON'S FEAR & LOATHING IN LAS VEGAS

IDW Publishing

My heart feels like an alligator! Those were the first words I saw when I opened an advance draft of *Fear and Loathing in Las Vegas*. I'll admit, I'm a huge Hunter S. Thompson fan ("huge" is an understatement; my house is full of prints of artwork from various Thompson publications and I own an original poster from his run for sheriff of Aspen) and I was skeptical when I heard the book/movie that drove me to love writing was going to be adapted into a comic book/graphic novel. Any doubt I had about this project staying true to its source material and paying proper tribute to the good doctor has faded. The book is cartoony in a way Thompson intended the characters to be portrayed in a visual medium, and realistic enough that you feel like you're in the throes of the madness with Raoul and Dr. Gonzo. Fifty. Not shades of Grey. Fifty pages of *Fear and Loathing in Las Vegas*. I've seen them. And I'm hooked.

BACK TO THE FUTURE #1

IDW Publishing

Let's face it. We're probably not getting our flying cars, hover boards, a Cubs World Series victory, *Jaws 19*, or a lot of the other amazing technologies featured in *Back to the Future II*. We did manage to get a few neat pieces of tech shown in the movie, and the best thing we're getting in 2015 is another ride in our favorite time traveling DeLorean!

IDW is recharging the flux capacitor with the help of *Back to the Future* screenwriter Bob Gale along with veteran IDW writers John Barber and Eric Burnham to answer some questions that fans have been wondering since the original trilogy. How did Doc Brown and Marty meet up? They're as unlikely a team as any. Marty is a teenage slacker and Doc Brown is an eccentric inventor who burned his house down. Doc Brown has no qualms telling Marty straight up that he stole the plutonium for his time travel machine from terrorists. Marty is shocked but doesn't abandon his friend. This October, IDW and the team on *Back to the Future #1* are what really makes time travel possible.

ASSASSIN'S CREED #1

Titan Comics

Whether you are working to thwart the plans of the evil Knight of Templar as Altair ibn-La'Ahad during the Third Crusade, uncovering unholy plots in Renaissance Italy and Constantinople as Ezio Auditore de Firenze, or fighting alongside George Washington to free the colonies from the spreading poison of the Templars during the American Revolution as Connor (or Ratonhnhaké:ton), *Assassin's Creed* is a game that literally transcends time and space and it is awesome!

As a fan of the whole series I can say without a doubt that I can't wait to read the new comic series coming out from Titan this fall. Following Charlotte de la Cruz and her assassin ancestor, Tom Stoddard, this time we are thrust into the world of the Salem Witch Trials. Colonial America, a Templar conspiracy, and an assassin and his modern-day ancestor counterpart working to uncover the truth before everything falls apart. What more could you want in a comic book?!

NINJA SLAYER: MACHINE OF VENGEANCE VOLUME 1

Vertical Comics

Yakuza, Ninja Yakuza, and a Ninja Slayer! In Neo-Saitama the city is bright, cheap, and dingy. It's your quintessential futuristic, sci-fi city where crime lords rule the streets and the general public are just mindless sheep moving through their monotonous daily lives with no drive. Among the turf wars of the groups like the Yokohama Ropeway Klan — a group of thugs with baseball bats and no regard — and the "Family" Yakuza who employs syngenetic genotype ninja clones from Yoroshisan Pharmaceuticals, there is one true ninja who is on a mission to get rid of them all. He is the *Ninja Slayer: Machine of Vengeance* and he means business.

The latest project from the team that brought us *Neon Genesis Evangelion, Gurren Lagaan*, and now *Kill La Kill, Ninja Slayer* is everything that we would come to expect from such a solid pedigree. From page one you are thrust into an intense action sequence and it only gets crazier from there. I couldn't recommend it enough, and I look forward to seeing where it goes!

KIDS COMCS MONTH: CREATOR INTERVIEWS

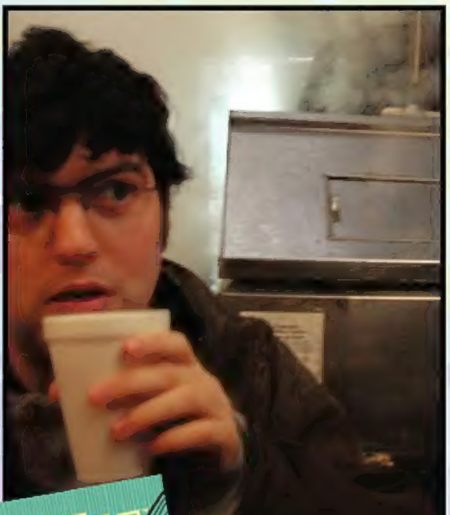
This month ***PREVIEWS*** celebrates Kid Comics throughout the issue with plenty of new and backlist titles available. And in anticipation of this month's theme, we reached out to some of All Ages Comics' most talented creators for these mini-interviews! You may know the titles, but do you know their creators? Hopefully you'll get a better insight into these talented creators with this month's special feature!

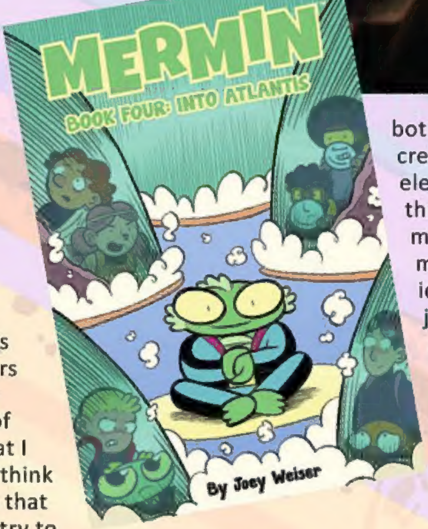
GET TO KNOW JOEY WEISER

Position: *Writer/Artist*
Known for: *Mermin*

***Previews**: Tell us a little bit about yourself and about your book!*

Joey Weiser: Hi! I'm Joey Weiser, the author of the Eisner Award-nominated *Mermin* graphic novel series, frequent contributor to *SpongeBob Comics*, and more! *Mermin* is about a fish-boy who is washed up on the beach one day, and then is found by some human kids who take him in. But he is being pursued by other fish-creatures trying to take him back home. It's a comedic adventure story for all ages!





***P**: What is the most exciting part of working on a kid's comic? What do you think is most essential in crafting a story geared toward young readers?*

JW: The most exciting part about making comics for kids is hearing from young readers who love the book! Some of the most influential pieces of art in my life were things that I encountered early on, so to think that I could potentially have that impact is exciting for sure. I try to make my work as fun as possible, both to read and to create! I think this element is something that pushed me more towards making kids' comics, and it's great to just embrace that and really enjoy the work!

***P**: What can readers look forward to in your upcoming project?*

JW: In the previous volume, Mermin and his friends go underwater to the city of Mer where he and the other Mer-people reside. In *Mermin Book 4: Into Atlantis* (MAY151477) we get to explore another underwater city, Atlantis. It is a much different city, with much different residents!

Joey Weiser recommends...

1. ***Kitaro GN*** (JAN131107)
WHY? Shigeru Mizuki is one of my favorite cartoonists, and I especially love his "yokai" ghost stories! They are great adventures with lots of crazy creatures and spirits with a whole world of mythology to learn. I am so happy to hear that we will be getting more in English starting in 2016, and that they are going to be aimed specifically at a young audience.

2. ***Costume Quest: Invasion of the Candy Snatchers*** (JUN141332)
WHY? A totally wonderful Halloween story that can be enjoyed any time of year! Zac Gorman's art is great and this book is really funny! I love the big format too. I didn't even realize that it was tied in with a video game until I finished the book!

3. ***Leaky Timbers***
WHY? A self-published book that was funded with Kickstarter, Joey Ellis is an amazing cartoonist, and you never can quite expect where he will take you with his humor! He's a great puppeteer as well! There are some hilarious *Leaky Timber* videos online that I also recommend!

GET TO KNOW VICENTE VINNY NAVARRETE

Position: *Writer/Artist*
Known for: *Booger Beard*

Previews: *Tell us a little bit about yourself and about your book!*

Vinny Navarrete: You got it! My name is Vicente Navarrete… people call me Vinny. I love drawing, shooting hoops and I believe squirrels are a shifty bunch who are up to no good! *Booger Beard* from Oni Press (FEB151531), is the story of a little boy named Mijo who sneezes a *BIG ONE*, unleashing a nasty beard that he attempts to convince his Ma-Mee as to why she should let him keep it! *Booger Beard* is my fourth children's comic book adventure, and it is my first time writing and illustrating the whole sha-bang!

Booger Beard!
by Vicente "Vinny" Navarrete

P: *What is the most exciting part of working on a kid's comic? What do you think is most essential in crafting a story geared toward young readers?*

VN: Hmmm…. for me, the most exciting part of working on a kid's comic is the challenge of taking a silly idea from a childhood experience and turning it into a full-fledged story to share with people. The challenge becomes a feeling of, *"ooh, I could make this! This could be that color, and what if this was like that!"* The possibilities that the challenge provides are what really excite me. Having FUN is essential in crafting a story geared toward young readers. Kids tell it like it is, so if you're having fun writing and drawing a story for them, they're gonna pick up on that and in turn have fun themselves.

P: *What can readers look forward to in your upcoming project?*

VN: Readers can look forward to seeing a lot of bright colors, funny illustrations, and Spanish words here and there throughout *Booger Beard*. Oh, and also… *BOOOOGERSSSS*!

P: *And lastly, what was your favorite comic as a kid, and how does it continue to influence you today?*

VN: My favorite comic as a kid was this single issue of *Batman* I had from the storyline, "Ten Nights of The Beast." It was the fourth and last issue and it was oh-so-precious to me! I must've flipped through that sucker a billion times. Rereading it over and over, admiring the drawings and bright colors of my favorite pointy-eared hero in action. I actually haven't thought of this comic in years, but it's lasting influence is evident.

Vinny recommends…

1. ***Love Vol. 1: The Tiger*** (NOV141547)
WHY? A beautiful "day in the life of" story, from the talented team of writer Frédéric Brrémaud and illustrator Federico Bertolucci. This sucker is top-notch! I highly recommend it.

2. ***Costume Quest: Invasion of the Candy Snatchers*** (JUN141332)
WHY? This was a lot of fun to read. Zac Gorman's drawings and color choices are perfect. I lost track of time reading and being in this world!

3. ***Star Wars: Darth Vader and Son*** (FEB121318)
WHY? These books are so funny, any Star Wars fan, young and old is gonna have a blast reading this or any of the other titles in the series by Jeffery Brown. Great stuff!

GET TO KNOW IAN MCGINTY

Position: Creator/Artist/Writer

Known for: *Bravest Warriors, Adventure Time, Hello Kitty*

Previews: *How would you describe your comic to a young reader to get them excited about it?*

Ian McGinty: Monsters! Magic! Skateboarding! Fish heads! *Welcome to Showside* is about Kit, a creature-kid doing rad stuff with his best buds: a sorceress and a warrior girl. The only problem is Kit's pops, the Great Shadow King, who wants him to ascend the throne in the Nexus, an otherworldly realm, and take over the world! Kit's more of a boardwalk and custard dude, so thankfully (with the help of his best friends and some friendly demons), he has tons of help battling the baddies and, hopefully, they can save the town of Showside and (maybe!) the world.

P: *What got you excited about your comic? Is there any part in particular you can share about the upcoming story?*

IM: *Welcome to Showside* came from this idea I had about how it would be really cool if certain monsters and creatures from another dimension had to acquire work visas in order to get a job and generally escape the more evil demons inhabiting their realm. I loved the idea of this monster boy being teamed up with ostensibly more powerful human characters with their own strengths and personalities. And that's how Kit was born in my head; just a regular kid who happens to be the son of the most powerful and destructive force in the universe.

P: *What do you think is the most essential building block in crafting a story geared toward young readers? And how have you employed it in one of your more recent projects?*

IM: A lot of creators I've talked to generally cite having well-rounded characters as being the most important building block there is, and I definitely agree that it's mega-super-huge. I also think it's incredibly important to have an all-encompassing world with enough 'elasticity' to it that young readers (and, hey, ALL readers — I do this all the time), can take that world, stretch it out and lay it before them, so they can come up with their OWN stories and ideas about what this world might have to offer the characters, instead of the other way around. Look at how cool and creative cosplayers are, or people who make fan-art! Cosplay and fan-art couldn't happen without BOTH rad characters and a world with huge potential for change. Pendleton Ward's *Bravest Warriors* and *Adventure Time* series (both properties I currently work on) are great examples of worlds with a lot of 'imagination space' in them. The potential for new stories that include well-received characters is limitless, and that's something that sort of naturally happened for me when I was developing *Welcome to Showside*; I wanted fans to have as much freedom to play around in this weirdo story I came up with as I do — and I encourage it.

Ian recommends...

1. ***Invader Zim*** *(#1 2nd Prtg.*—MAY158095)
WHY? This one is about to premiere and I'm so, so excited for it! *Invader Zim*, the show, actually had the guts to treat kids like little adults and was not afraid to be extremely weird and extremely off-beat with the humor, and I think that is something more comics and cartoons need to do. Kids are not stupid, in fact, they're probably smarter and more observant than most adults. *Invader Zim* respected kids' intelligence and didn't pull any punches. The comic also does this, and it's really, really awesome.

2. ***Bee and Puppycat*** (*Vol. 1*—FEB151200)
WHY? From a really great animated short series online, the *Bee and Puppycat* comic is neat to me because it gets me equally pumped about magical girl adventures, as well as more mundane tasks like cleaning out the fridge or delivering a letter. Natasha is also someone who is insanely super-funny, like "turn-your-skull-into-a-beehive" funny. Great for anyone, any gender, anybody!

3. ***Monster Allergy***
WHY? This one isn't terribly recent (2003 I think) but it's a good one, and visually probably one of the most gorgeous comics I've ever read (translated, of course, because it was published by Disney Italy). *Monster Allergy* was really influential to me when I was creating *Welcome to Showside*, as it also has monsters running around a town, though in *Monster Allergy* they're invisible. Basically, a kid is allergic to monsters and this helps him spot them and help them out if they're in trouble. It rocks!
